CAMPUS LIFE

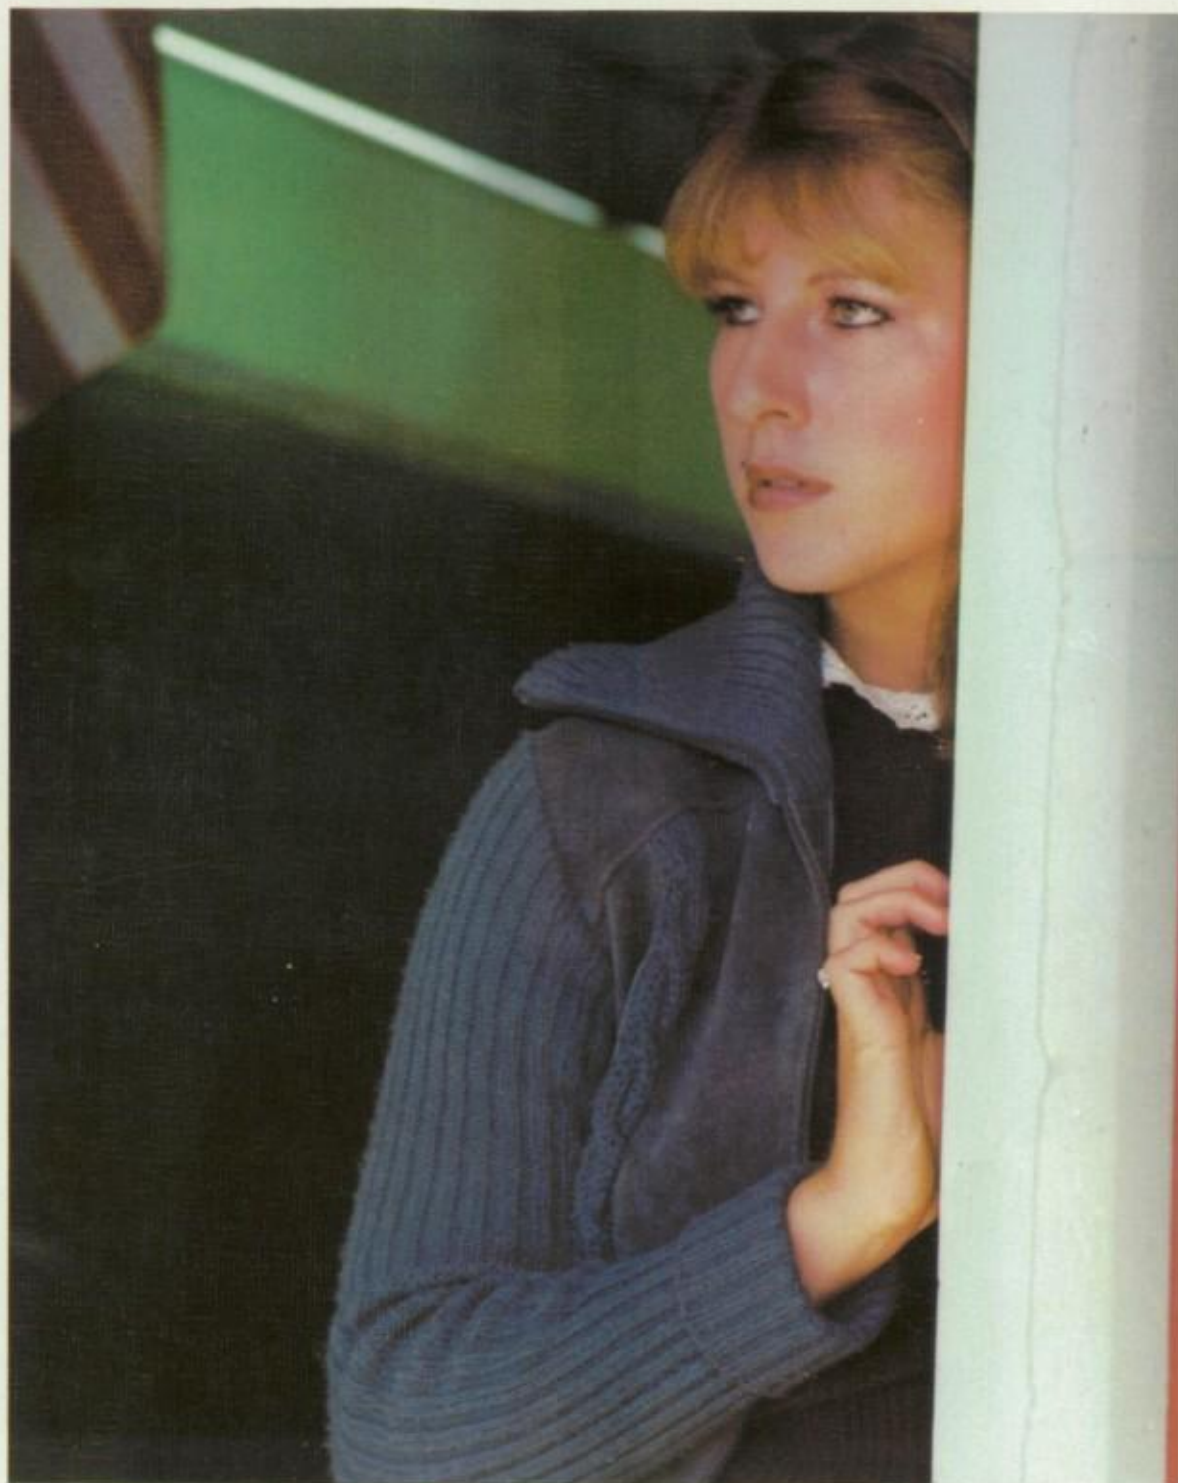

There is something that calls each of us to the adventure of discovery. As human beings, we are constantly seeking new experiences, excitement, and knowledge by venturing into the unknown. And where could there be a better place to find these treasures than here at PCHS!

As we journey through our high school years, we can't help exploring. There are so many things to see and to experience, fears to face, and challenges to meet, that we must continue to push forward.

Discovering Ourselves

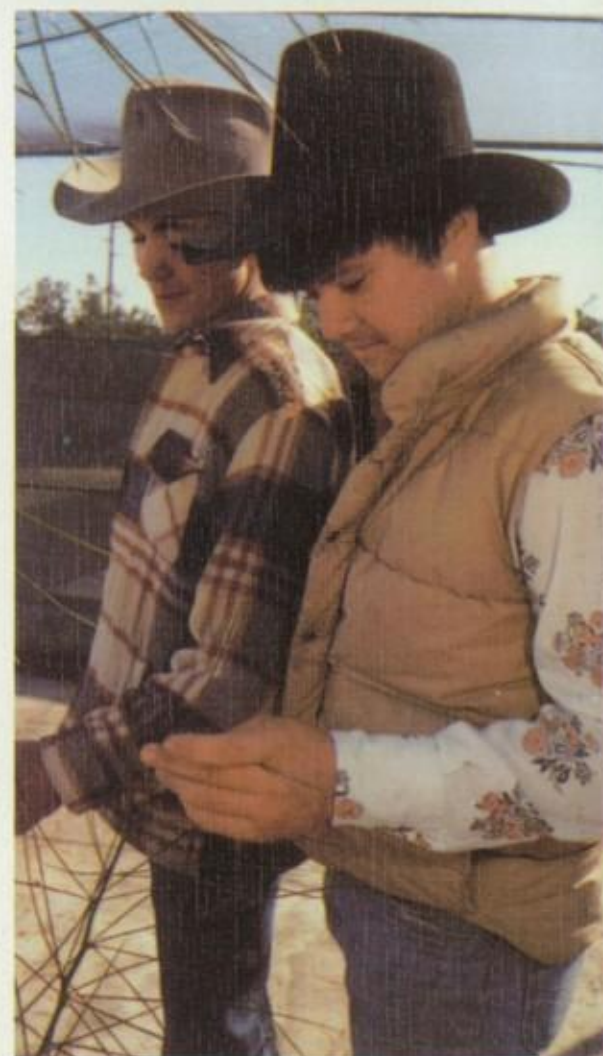

Campus life provides us with the perfect opportunity to make one of life's most important discoveries — *ourselves*.

Even though we don't realize it, as the years progress we're discovering things about ourselves that we never noticed before. We are reflected in the faces and personalities of our families and friends. We acquire abilities we had no idea could develop into career potentials. We daydream and plan for the future. We attempt to relate to our world in a time that demands change. Many obstacles confront us, but we know we can overcome them because we believe in *ourselves*.

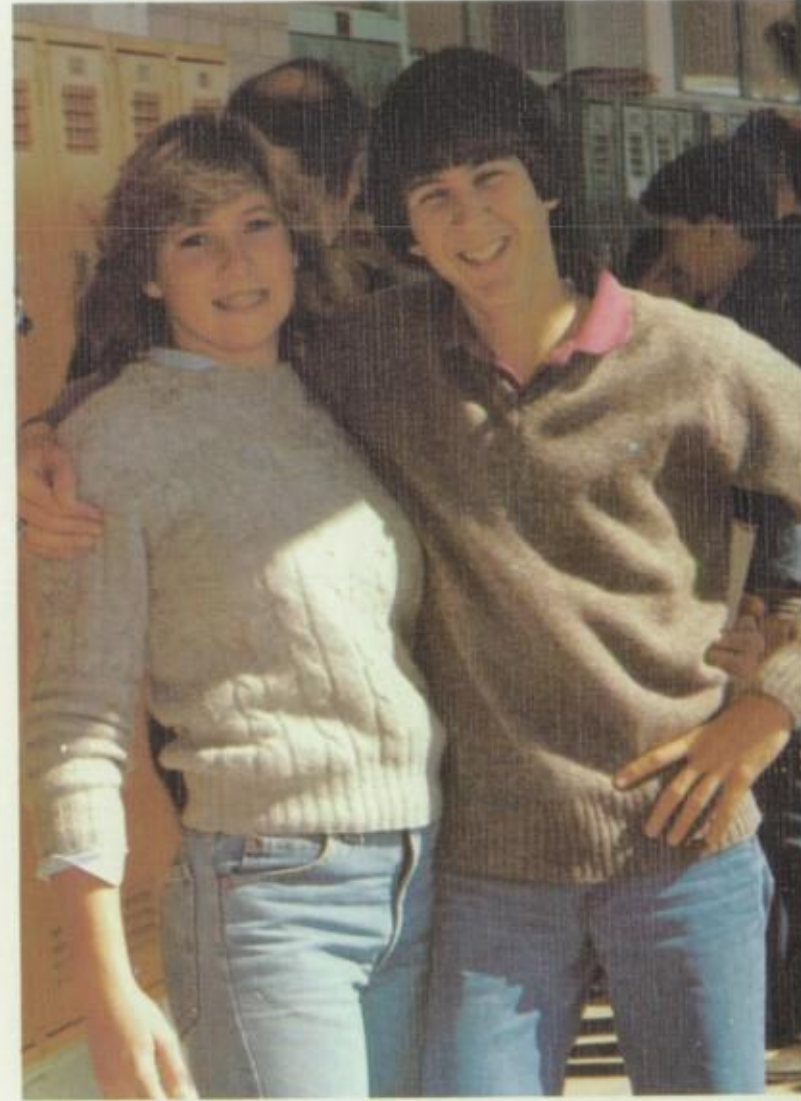

One of life's most joyful discoveries is friendship. No one is totally independent. Although we like to think of ourselves as "individuals," life would be incomplete without our friends. They are as necessary to our well-being as life itself.

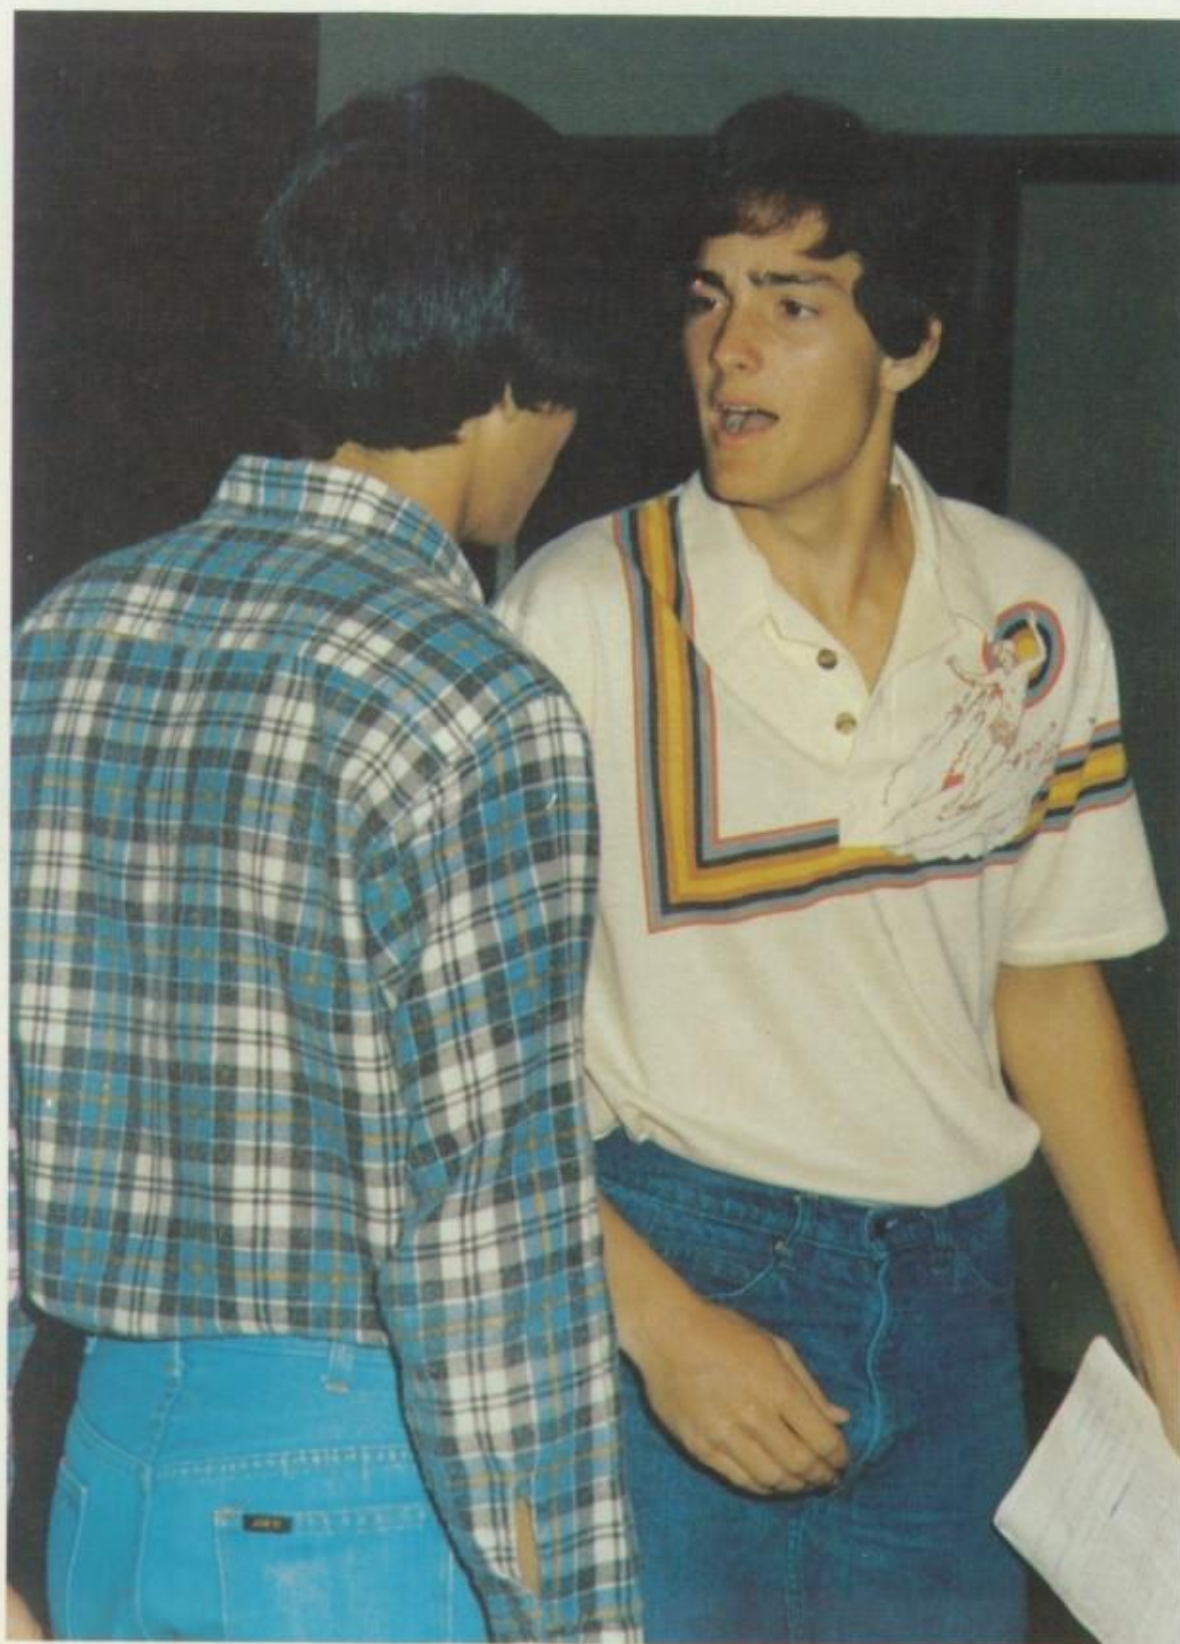

Our friends are a part of us. They share our joys, dreams, and even our sorrows, thus, providing the strength needed when life seems impossible. To do this, perhaps their most valuable asset is their honesty, for they accept us as we are and help us to see ourselves realistically.

Our Friends . . .

Our Talents . . .

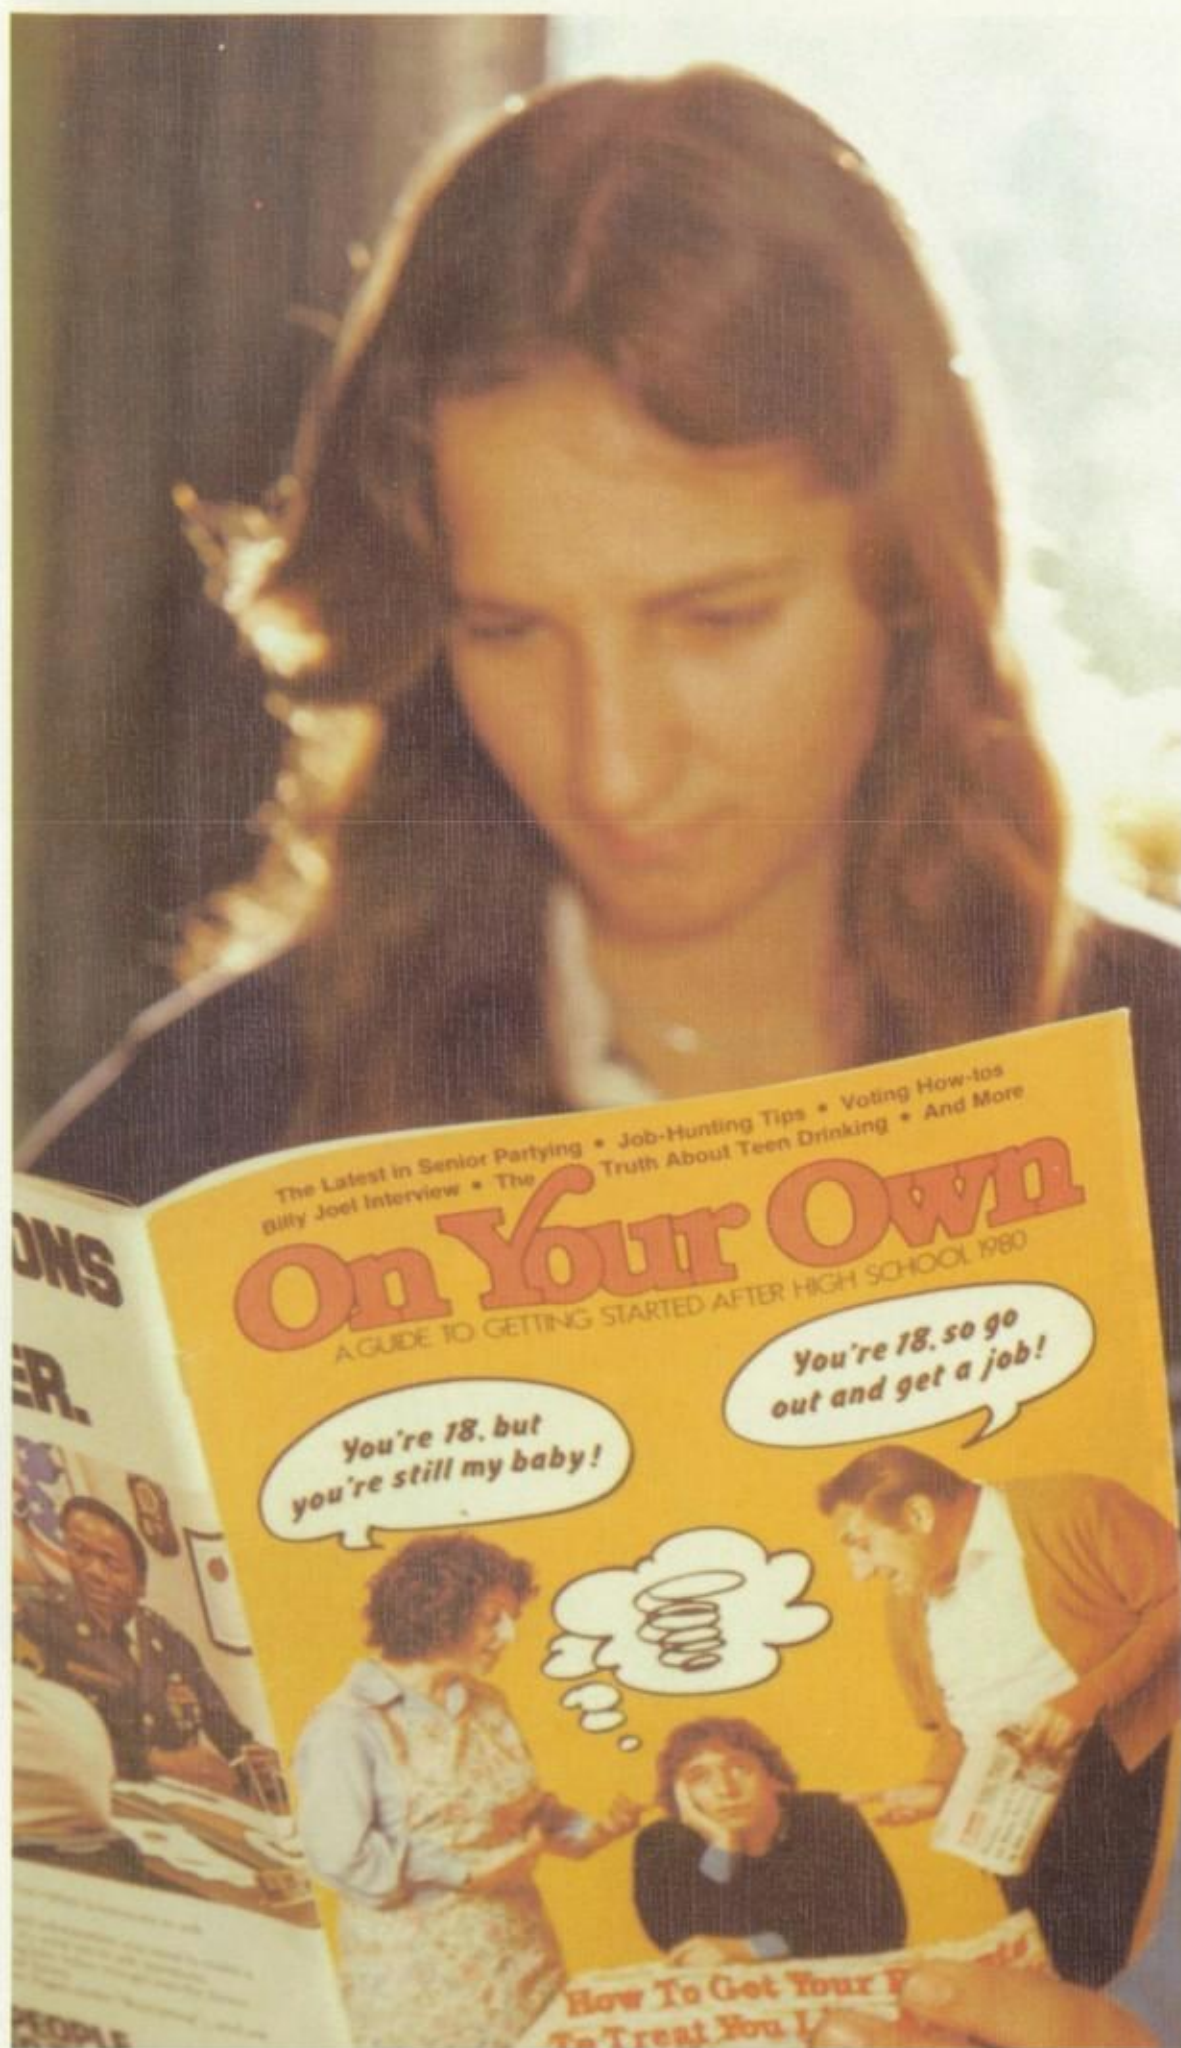

Life consistently tosses us surprises! Everyone is blessed with talents and skills.

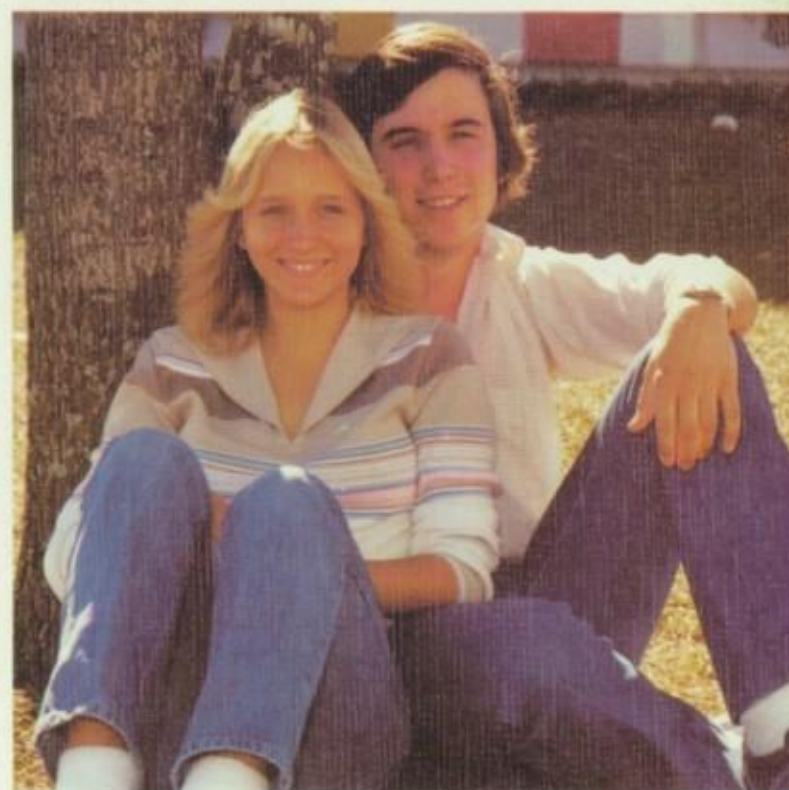

Imagine — **YOU** cooking a gourmet meal, typing 60 words a minute, sketching a beautiful picture, producing the perfect Valencia orange, or acting in a play! School provides the ideal climate for discovering our limitations as well as developing our potentials for the enjoyment of our life-long adventure of discovery.

Our Dreams . . .

Dreams are an important part of life. They are the goals we set for ourselves. As sophomores we can't wait to become seniors. We anticipate graduation. We strive for a career and lasting relationships, and all of a sudden our goals are accomplished . . . only to be replaced by new ones. Success and happiness are born in these dreams. Though some may never come true, be it known that many of these dreams began while we were here at PCHS.

Where is there a better place to keep in touch with the community and our world than right here at school? We have access to media devices in our classrooms and the IMC as well as the Student Services office.

Our student government teaches us the value of self-government; our classrooms acquaint us with our physical world and the need to preserve and conserve for the good of all; our social world is expanded as we share daily experiences with our friends.

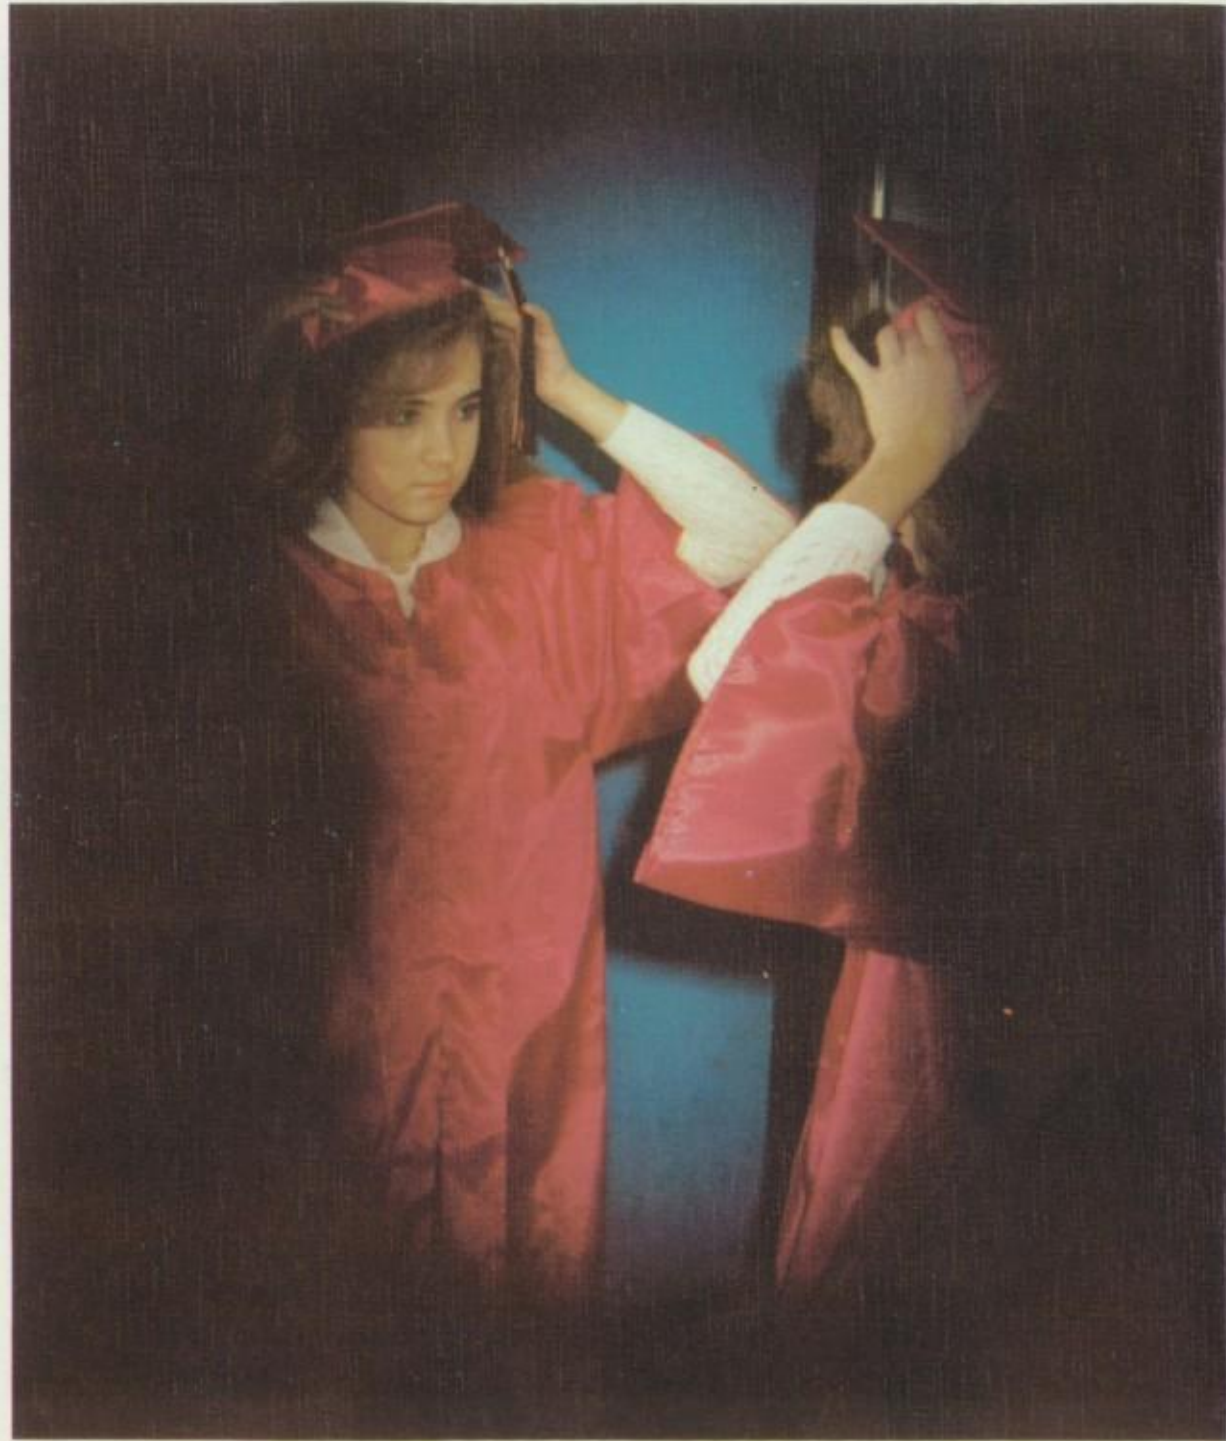

We are informed!

Our World . . .

The Challenges

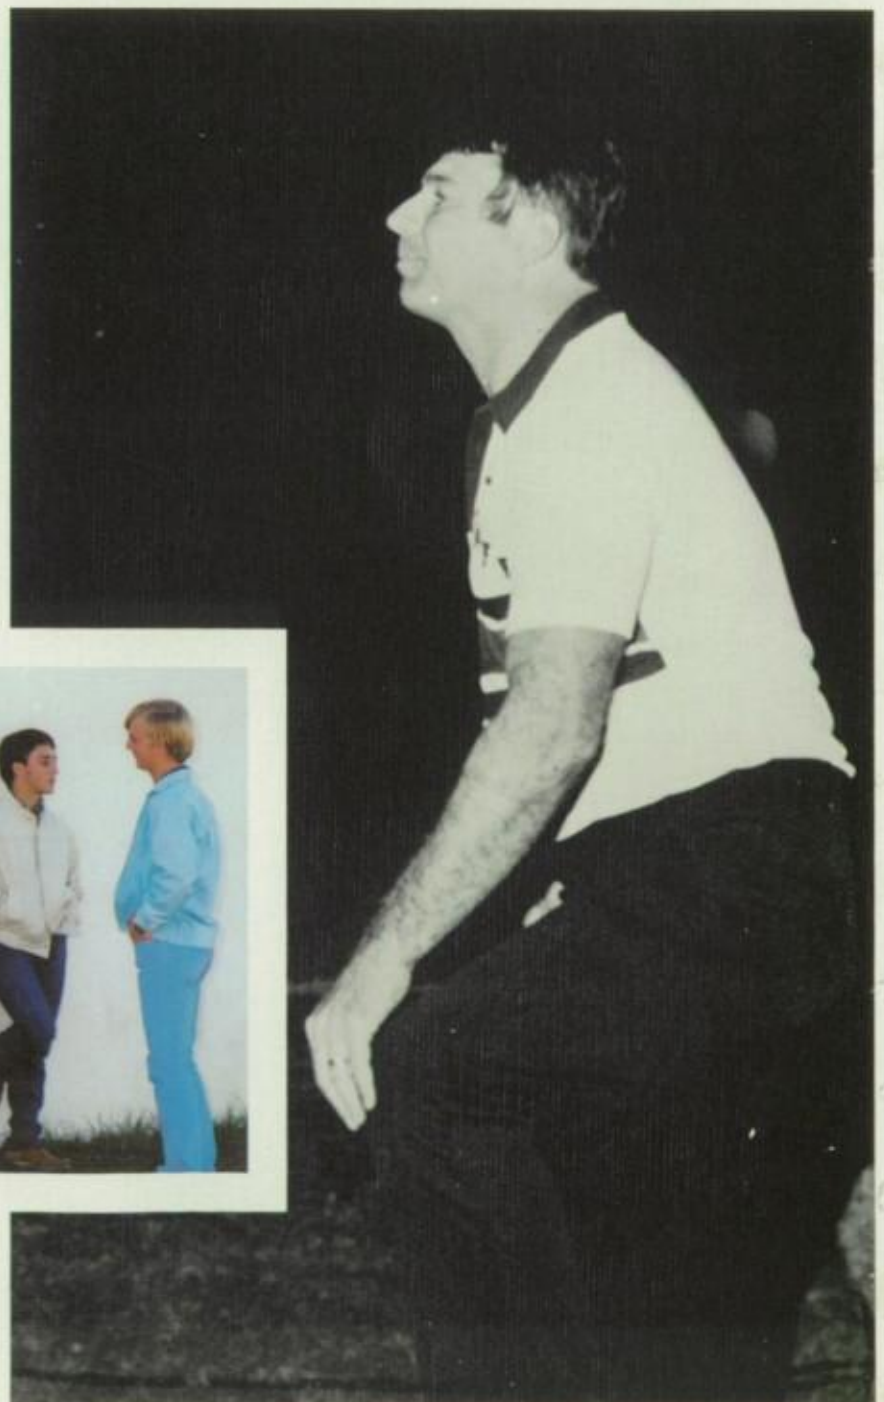

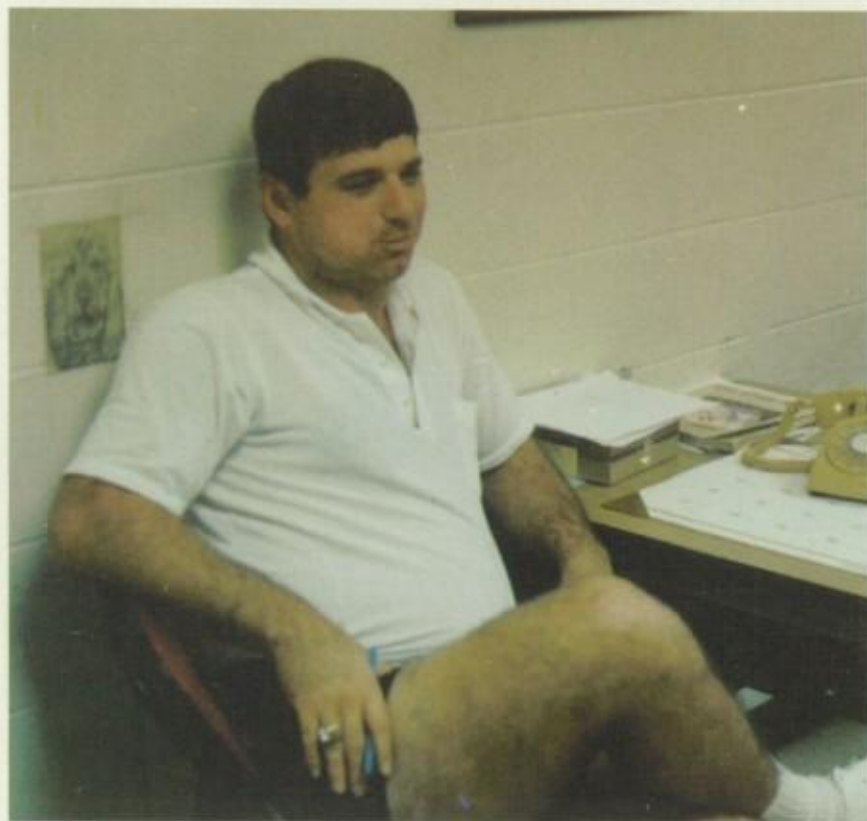

The three years spent at PCHS are filled with innumerable challenges. One has only to look around to see them. Something as obvious as struggling through a crowded hall is a major task. It's a challenge to make the winning point when your whole team depends upon you; to earn the 17 credits needed for graduation; or to put yourself in someone else's place for the purpose of better understanding their needs. The subtle, the memorable, the necessary, are all combined to challenge us.

By Popular Demand

We, the student body, dedicate to you,
Coach Bob Bowling,
the 1982 PIRATE!

She's #1 With Us!

Margaret Jones (Mom), mathematics teacher and yearbook sponsor, was chosen Teacher of the Year at PCHS and in Pasco County and was selected as "number two" of the top five teachers in the State of Florida. In her words, "It has been a beautiful experience, and what's most important is that I'm number one in the hearts of my students and fellow teachers. I know there's not another teacher anywhere who's had more love and support! Thank you, PCHS."

Editors: Barbara Cain, Toni Musser, David Daris

PEOPLE

The three years we spend at PCHS are years of discovery — about ourselves and our friends.

The confidence we felt as Freshman at PJHS is replaced by "fear of the unknown" as Sophomores! We feel older, but are now the youngest. We are anxious to "belong," to make new friends and we work hard to accomplish this.

As Juniors we are more confident, and even though the pressures increase we feel less anxious. We set goals and unite to reach them.

Perhaps our greatest discoveries are made as Seniors. We, who couldn't wait to graduate, suddenly regret leaving! Feeling the pressure to succeed and perhaps some fear of the future, we throw all our energies into enjoying this, our remaining year of high school.

Their Leadership Provides Answers

There is no more meaningful or satisfying experience for anyone than to learn, to perceive, or to DISCOVER new things. Whether an individual discovers something by exploration, investigation, or simply by pure hard work, discovery always implies previous existence not known. Discovery, like truth, is one of the primary enemies of ignorance. Schools, too, are in the business of fighting ignorance. It is for this reason alone that I applaud the Pirate staff's decision to use the topic of DISCOVERY as the theme of our yearbook.

Major discoveries are, of course, recorded daily in newspapers and on television as well as in our literature and history books. However, for most individuals it is the day-to-day discoveries made on individualized bases, that hold the most significant ramifications for most of us. For example, to discover how to study, how to deal with adversity, how to make decisions, where to go to college, what to select as your life's work, and where to worship are only a few "discoveries" that can affect our entire lives.

If Pasco Comprehensive High School can make a positive contribution in some way as to how students may view DISCOVERY, then the school will have achieved a measure of success.

Expressing Ourselves in Our World

Through the Language Arts Department, students can learn about other cultures as they study a foreign language, develop self-confidence and self-awareness through drama, public speaking, and creative writing, and become more proficient in their own language. Exposure to famous authors leads them to explore the world of ideas and to develop skills of interpretation and self-expression.

The Social Sciences provide students with knowledge of the past and projections into the future. Study of the past helps students to understand the present. The curriculum offerings of history, government, psychology, and law encourage us to know more about our world and ourselves.

Discovering Elements and Equations

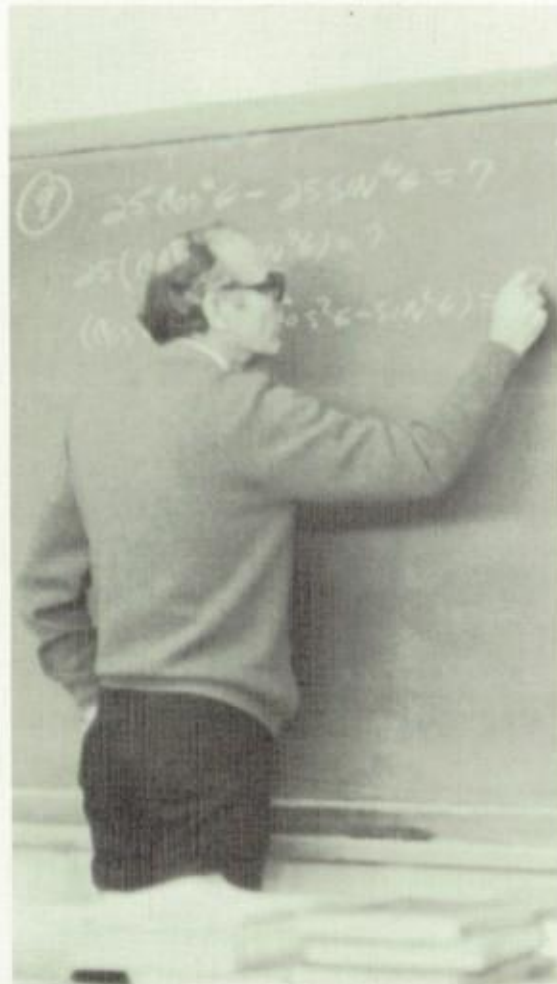

The Math and Science Departments are comprehensive in nature, offering many courses and fields of study. Students can follow a rigorous college-prep curriculum or a more general program designed to make them better consumers. The Science Fair and Math Contest challenge student creativity.

Interests Translate Into Dollars

DE, DCT, Drafting, Agriculture, Machine and Auto Shop classes take the interests of students and develop them into money-making skills which prepare students for the world of work.

These vocational classes also strive to give students a sense of values which promotes growth for the individual.

All these classes prepare students for immediate employment which may lead to life-time careers.

Sharpen Skills; Develop Talents

To enrich students' lives and improve their basic skills, PCHS offers courses in EH, EMH, Alternative Ed., Compensatory Ed., PE, Band, and Driver's Ed.

EMH and EH are designed to meet the individual needs of students in our Exceptional Program, providing an atmosphere in which each student can achieve his/her

learning potential.

PE enables you to condition your body while building team spirit and developing a sense of well-being.

Most teenagers look forward to learning to drive, and Driver's Education provides a controlled situation in which to do this and produce safer drivers.

Pasco's band is a collection of exciting and talented young musicians. Their disciplined attitudes have earned them many rewards.

Even Mr. Davis practices!

Make the Most of Your Assets

Courses that encourage self-respect and instill survival skills are taught in our Health, Business, Cosmetology, and Home Economics departments.

Business classes offer specialized courses that prepare students for the business world.

In addition to teaching many beauty secrets, Cosmetology offers all the necessary requirements needed to pass the state exams and become a licensed cosmetologist.

If you need a place to retreat, relax or study, the IMC is available . . . and Home Ec. offers the assurance, "Love may not last; cooking does!"

Help Is On The Way!

The Service Personnel are the people who help keep PCHS running smoothly. They are the people who feed us, maintain our campus, and assist teachers by assisting students.

The cafeteria staff transforms the lunchroom into a friendly atmosphere, where students can eat and relax with friends.

Our cheerful janitors, another valued group, work hard to keep our school building in top condition and to keep the ground clean.

Teacher's aides are of vital importance to both the teachers and the student. They provide individual help for students and lighten the teachers' work load.

We're the Class of 84! — following the same path as others who have gone before us. We've experienced spectacular highs and some disappointing lows. Our class has been represented by individuals who met the challenges of athletics, band, academics, and activities. We've worked to "fit in," to find ourselves, and to reach out to others around us. Learning, experiencing, having a good time — that's US, The class of "84."

Officers: J. Gentry, Treas.; K. Williams, Sec.; and T. Musser, V. Pres.; have trouble supporting their Pres. B. Stancil!

It is an accepted fact, that the Junior year for any class is perhaps the most vital and memorable year spent in high school. The Class of '83 is no exception. We started out the year with a great task before us — to present "A Touch of Class" to the Juniors and Seniors at our prom. To do this, our work began as early as August. The results of our preparations were successful. During the month of September, we collected over \$1,500 in magazine sales. With this boost to our funds, we then sponsored our annual "Sadie Hawkins Dance." Financially, it was a tremendous success! A large crowd attended, and it is our hope that it was an evening that will be long remembered, fondly. Our final Junior gathering took place on May 8, 1982 when our dream of a very special Prom came true. After weeks of planning and working together, we gave all who attended a very real sense of what it means to experience "A Touch of Class."

(Thanks for being such a super class Juniors; keep up the hard work.)

Mona resembles the New York model she is!

We Struggled . . . We Grew

As we find our senior year drawing to an end, we discover that a special chapter of our life is about to close. Our chapter began with our sophomore year, as we struggled to gain acceptance. We were new and "green." At first, falling into step was difficult. As the year progressed and we joined together as one, we found that we were only beginning to develop what is known as "class pride." It was this pride that would be the "cement" that would keep us together for the rest of our high school years.

We filled our story with many new experiences in our junior year. With common goals to work toward, our class grew closer. As we prepared for the Sadie Hawkins Dance and most importantly, the Prom, we worked hard together to make each event a success.

The climax of our chapter, however, is our senior year. We are now the leaders of the school. We are responsible for setting examples for the underclassmen. The underclassmen look up to us and we look down, not *on* them, but *to* them.

Finally, as our chapter closes, we close it with no regrets, but only fond memories. We have accomplished much during our short stay, and we hope that the accomplishments of the Class of '82 will always be remembered.

At Home Among Us

Sally Melzer was our new friend from Australia. Her warmth and joviality captured the hearts of all. We will always remember her Dallas "Cowboy" shirt, but "love" is our favorite word to describe how we feel toward Sally! She made herself

at home among us.

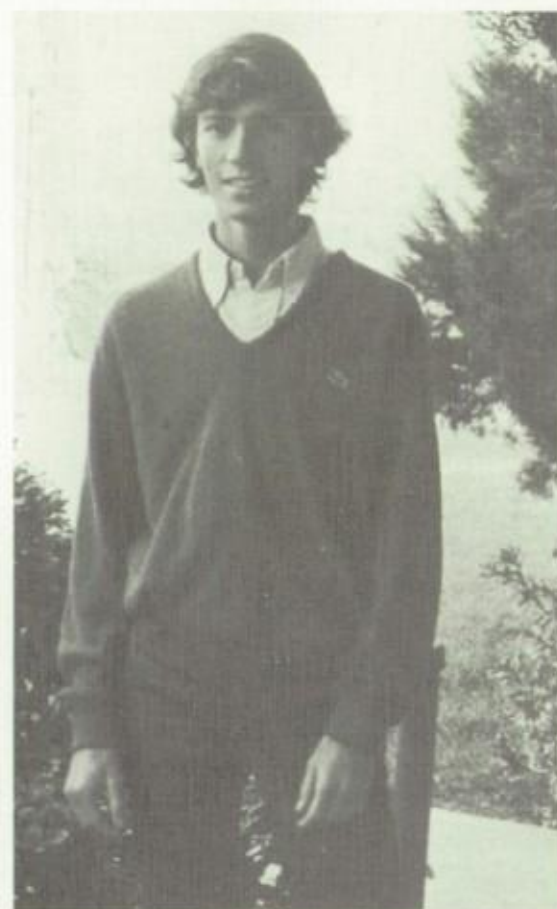

PCHS was fortunate to have Ludovico Santasilia as one of our Foreign Exchange students this year. Ludo, as he is known on our campus, characterized his country to us by his debonair Italian "smile". We will long remember Ludo's unique personality as well as his ability to draw us close to him. He captured a place in our hearts. Yet, more importantly, we believe he won for himself a second school, a second family, and a second home-country.

Ludo and Sally get into "class spirit."

Sally and Ludo visit Student Services often to rap with their favorite counselor, Mr. Auten.

Ludo demonstrates that international "Preppy" look.

The Australians may be in for a new fad when Sally returns with this "urban cowgirl" outfit.

Senior Memories

The night was warm and muggy, a typical June evening. I could feel the perspiration running down the back of my neck. Was it the heat or nervousness? I couldn't tell which. I looked at the faces around me and noticed that they all appeared to be cast from the same mold. There seemed to be a forced cheeriness about them, like they were trying to hide something that, at any minute, would break through their masks and be disclosed. Could it be fear? I wasn't sure. I was very much aware of the butterflies fluttering around in my stomach as my time drew nearer. My mouth had gone dry long before. Suddenly, as if from a great distance, I heard my name being called. My time had come!

As I stood, I experienced the sick sensation of everything falling away from me. Now, I was totally alone. The butterflies were replaced with a cold sinking fear as I forced my lead-filled legs to propel me along the aisle. With each step, I could feel the pounding of my heart grow stronger. Any minute I would have a heart attack. Of that I was sure! The blood was rushing like a train in my head as wild thoughts flashed across my mind.

This was it! I was leaving my comrades; my schoolmates — some that I'd known since childhood, some that I'd never see again. What if I wasn't ready for the world? What if I failed? Was I a coward? Was I able to stand and shoulder my responsibilities as an adult in a mature community? Oh! If only I could be sure. I felt as if I were a child whose security blanket had just been snatched from him.

Up ahead I saw my principal waiting for me. He had a proud, confident smile on his face. How I envied him! When I approached I heard him utter some unintelligible sounds. I think he was congratulating me. Everything was spinning now and the lights were getting dim. I felt myself slipping away as the dimness turned to darkness. Suddenly I felt something hard and electric slip into my hands. I looked down and saw it was the paper I'd been working to get for the past twelve years. I could have sworn that I felt it pulsing with life. It felt good and right in my hands. I could feel the energy vibrating from it into my body. This was my passport — my ticket to opportunity.

As if by magic, my fears began to subside. In their place a quiet, gentle warmth stole across me. I was washed in waves of tranquility; I felt confident and happy at the same time. I knew now that I really had no reason to fear anything. I was ready; this paper proved it. If I failed, well, I'd failed before and it hadn't killed me!

I turned to walk back to my seat. Now I knew why this was such a special celebration. I had walked up this aisle with a touch of child still in me, but as I slid into my seat, I realized that only a woman had returned.

My love to all the girls and the ability to take great pictures to Lee Roy Gray. (Eddie Young)

The Best Is Yet to Be

As wonderful as school days are —
So full of fun and laughter —
The best and richest times you'll
know
Will come a few years after . . .

So close the door behind you now
And as you turn away
Review the dreams and plans you've
made
And hold them fast today . . .

Walk proudly as you move along,
Feel young and strong and free,
And let your heart repeat these
words
"The best is yet to be!"

D. J. Faulhaber

When you're not sure "which foot?" stand still.

"This is it, guys. Are you ready?"

Mrs. Rom counts the beat for the "graduation shuffle."

Mr. Reynolds does a final credit check on Billy.

We haven't had to sit *this* still since fifth grade!

John gives a mortarboard salute.

Mr. Hetrick checks to see if Robert's in the right position in line.

You pin my collar, and I'll pin yours.

"We're in step! Can you believe it?"

Chris smiles gleefully as the photographer snaps a rather reluctant Jane's picture.

Bruce Stancil congratulates Beverly and Monica prior to the ceremonies.

The girls ask one another, "Is my tassel straight?"

Valedictorian Jeff Pierce

Salutatorian Kay Davis

A final moment of laughter is shared. "Will we ever be together like this again?"

According to Valerie and Melanie, these robes are too hot for 85 degree weather.

Damp weather doesn't necessarily mean dampened spirits!

Class President Liz Cramer

QUOTABLES

Jeff: "The best way to prepare yourself for life after high school is by planning."

Kay: "Be fair with others, but keep after them until they're fair with you."

Tom: "Being involved has made all the difference."

Liz: "Life is not just a black and white movie, things are not that simple."

Waiting is the hardest part. Won't eight o'clock ever come?

Student Body President Tom Hines

"Come on, breeze!"

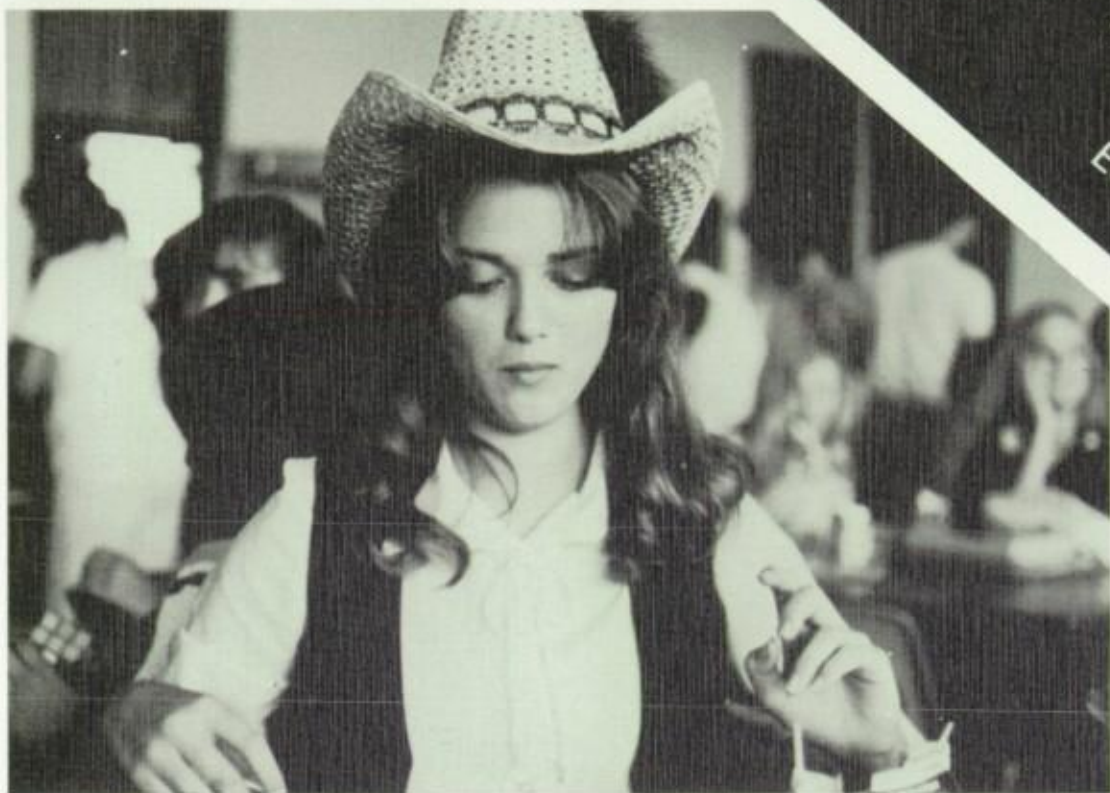

"Do you suppose the sponsors would notice if I ditched this robe?"

Perhaps one of the most unique experiences that students can share is the time spent in preparation for and participation in after school activities.

We can't wait for that 1:55 bell — to head to McDonald's, to work, home to our favorite "soap" (or to the telephone) and perhaps back to campus in the p.m. for a club meeting, band practice, a dance, a party. This is when we come alive!

Mindy (Ulmer) dances her way onto the floor.

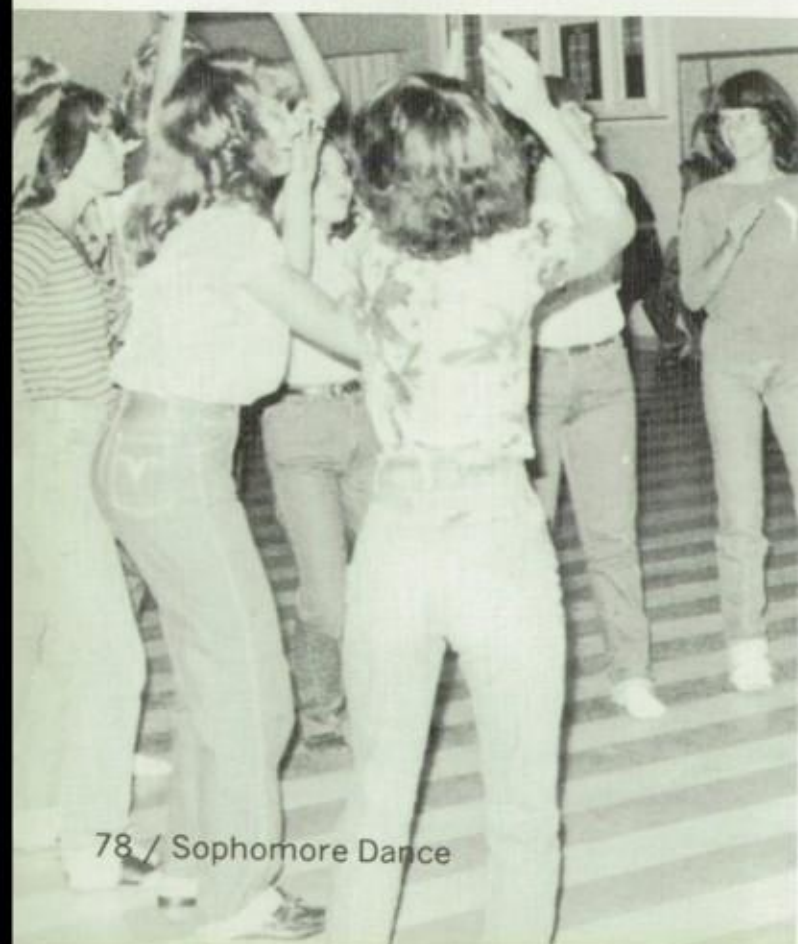

Johnny Gilmore and his date share a coke break.

Senior Deanna (Musser) provides welcome refreshments for an active crowd.

The guys seem to be in short supply in this shot!

Off to a Good Start

According to Wesley (Urban), Theresa (Thomas) and Raymond (Curry), watching can be as much fun as participating.

Before the dance begins, Lisa (Davis), Susan (Ivie) and Kathy (Mancinelli) provide their own entertainment.

"First start with the basic step," instructs Mary Ann Blackwood.

The first social event of the year, the Welcome Sophomore Dance, held September 18, is a tradition that officially acknowledges the arrival of all new underclassmen and welcomes them to these unfamiliar surroundings. We not only make new friends that may last throughout the years, but rekindle friendships that may have waned over the summer. It is a great way to get the new year off to a good start.

This year, the entertainment for the evening was provided by radio station WPAS DJ, Gary Oesch, a PCHS alumni. We danced and talked and were glad to have an excuse to be together again!!

A Christmas Carol

It's "curtain call" for a splendid cast.

Men on the street (T. Martin, M. Jordan) discuss Scrooge's death.

Something rather unusual for our school occurred on December 17, 1981. A group of dedicated students produced, directed, and performed, Charles Dickens' "A Christmas Carol."

Numerous hours were spent fund raising, designing and constructing the set, and rehearsing the play. Actors and stage crew could be seen leaving the activity center sometimes as late as eleven o'clock at night.

All of the hard work and dedication finally paid off. "The Society of Performing Arts" performed spectacularly and was enthusiastically received by the student body and the public.

The ghost of Christmas Past (Y. Johnson) reminds Scrooge of past sins.

The Cratchett family eats a slim Christmas dinner.

Scrooge (M. Gunn) asks, "Are you the Ghost of Christmas-yet-to-come?"

Time for Decision

Valdosta State and Troy State compete for student attention.

Putting your name on college mailing lists means "guaranteed mail"!

Clyfton Champion discusses college offerings with the Florida State recruiter.

Time for decision . . . this phrase has a special meaning for our Seniors as they near graduation. They are faced with one of life's most important decisions. Should he or she find a job, or go to college? Then again, maybe a vocational school, meant to teach a job skill, would be best. Career Day, a "tradition" at PCHS each year, is intended to help these students with this important decision. This year more than 60 representatives from colleges, universities, trade and technical schools, and military services talked with our Seniors in September. But, in the final analysis, the choice is the student's to make.

A Royal Event

Mrs. Cook serves a bewitching brew on Halloween Day.

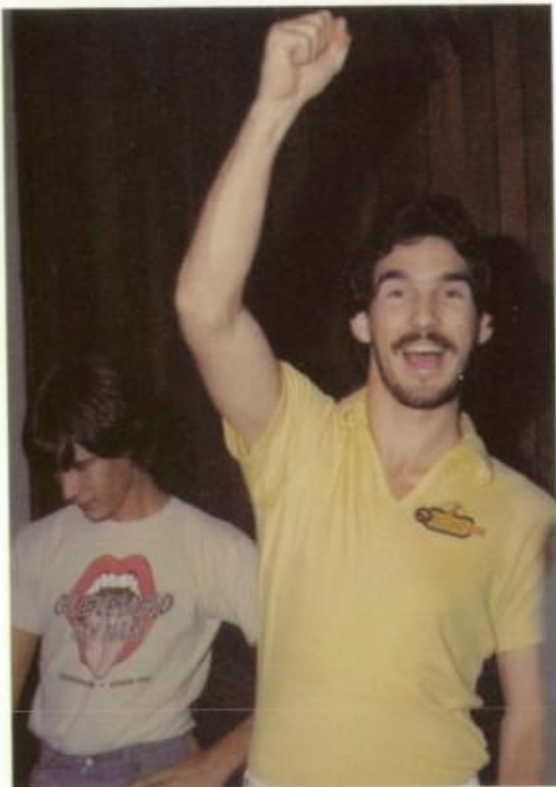

Mike German and Kym Cooper look forward to an exciting evening and moments to remember.

Tina LaMontagne and Manny Velasco pause for a picture.

The JV Pirates are #1 and proud of it!

"Q105 means music" cheers DJ Bobby Rich.

The Queen and her court make it a royal evening for everyone.

"Chip (Oliver) you *promised* me the next dance," says Vicky (Peterson).

Seniors will do anything to get a little attention at a pep rally!

The royal wedding of Prince Charles and Princess Diana of England set the stage for our homecoming theme "Royal Event."

The students began celebrating the festivities on Tuesday, November 3 with Urban Cowboy Day. Stetsons and boots were everywhere! Baby Day gave everyone lots of laughs, and Gangster Day brought out personality traits we hadn't seen before!

Football Homecoming / 83

On Friday we gathered in the square for the traditional homecoming pep rally. Competition was keen! Our spirited Band of Pirates won the Spirit Stick and paraded it around the square. Jodi Gentry won the right to put pie in Mrs. Benedini's face, adding to everyone's enjoyment.

School was dismissed at noon and everyone headed for town or to a float to put on the finishing touches. The parade, organized by sponsors Lenny Cimador and Anita Fluitt, was exciting and fun, but the most important part of the journey for the entrants was the review by the judges. Student Council took first place.

Here's a flashback to 1969 — Terry Ellington, age three.

Ms. Stephens invites Lisa Puckett to help with clean-up.

Beth (Parisian) and Ken (Waters), and Dena (Corwin) and Steve (Walker) enjoy this one from the side lines.

"Hey! Betcha' didn't know I could move fast enough to win the 'oooga' contest," challenges Jimmy Scroggins.

Angel (Alexander) and Tammy (O'Neal) enjoy a little conversation along with their music.

For \$1.29 Chris Baleonis can have a nose job like Gary Crist's.

Kathy Deurloo and Deanna Musser add a festive touch to the dance.

Football players and cheerleaders are the ingredients for an exciting game.

That night at the game the atmosphere was one of excited anticipation. However, as the Homecoming Court made their way to the field, the Pirates had fallen behind the Lake Weir Hurricanes. Momentarily the game was forgotten as the half-time activities, directed by Chairman Rhonda Jones and Pep Club President Jane Gailey, went off flawlessly. The flag girls, Band of Pirates, and National Guard rifle team formed a pathway across the field for the lovely contestants and their escorts. A very thrilled Leslie Herrmann was crowned the 1981 Queen. Following the coronation, the Pirates rallied to beat a surprised Lake Weir.

Q105 DJ Bobby Rich did the honors at the Homecoming Dance which climaxed a successful and enjoyable week.

We celebrated royally!

Football Homecoming / 87

Can you think of a better way to begin Christmas vacation than with a Christmas dance? Student Council got us into the holiday spirit with decorations that fit the occasion. Everyone was relaxed and ready for fun!

Attendance was small, but sometimes nice surprises come in small packages! There was room to Punk, to teach one another new steps and to do your "own thing."

The music, furnished by members of the Student Council, was played by Council members who passed up dancing to volunteer as DJ's and spin the records on the turntables.

Kevin Ballard asks Lisa Davis for the last dance, but Lisa is undecided.

Friends like Tina LaMontagne and Kathy Beaumont enjoy the "breaks" as much as the dance.

Joanna Fitts, Rhonda Jones, Betty O'Lone, Bruce Stancil, and Susan Ivie do "Bus Stop."

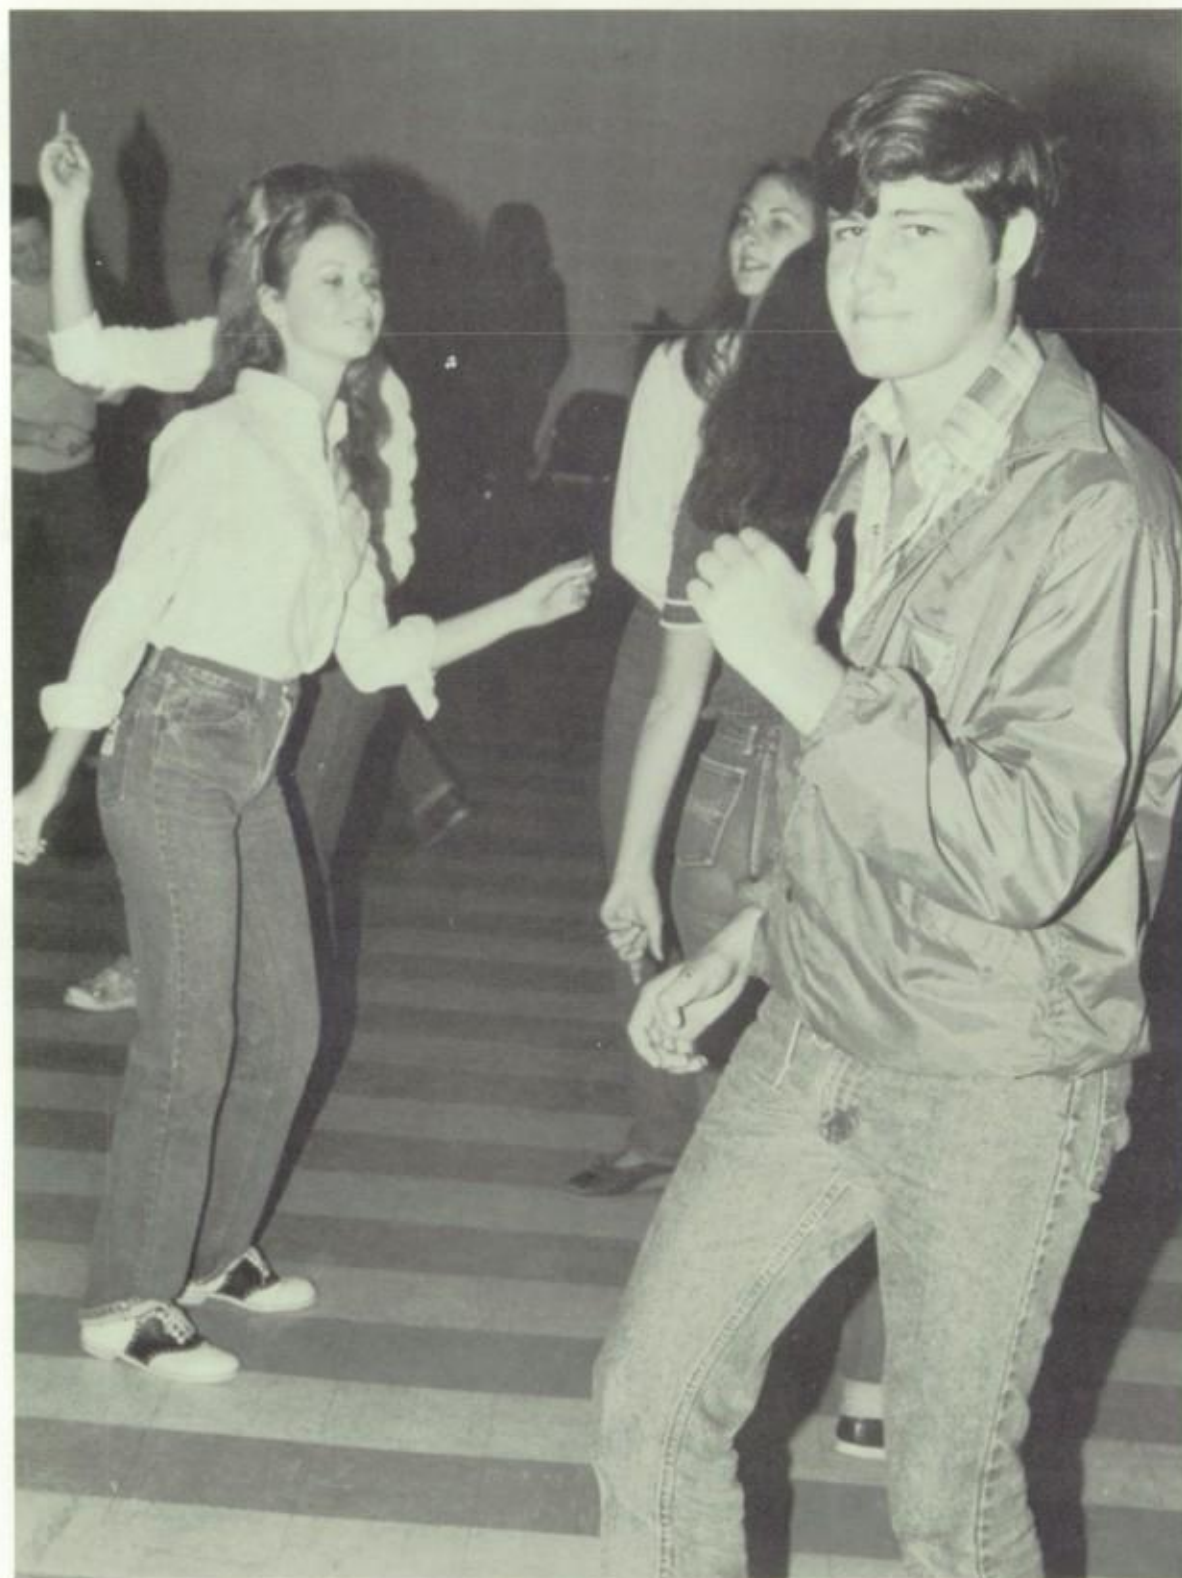

David Heuring has the beat, or does the beat have David Heuring?

This group gets some "Punk Rock" into the action.

Into the Holiday Spirit

A little rhythm, good music, and friends are all Sarah Smith, Leslie Herrmann, and Eddie Rice need for a good time.

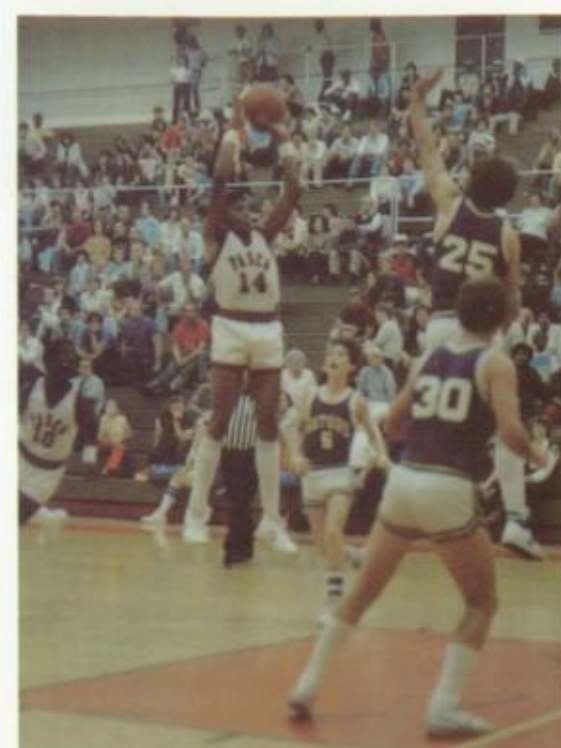

Mrs. DuBose has a ball just watching 'em "get down."

Brett Kandzer plays "air guitar" while Greg Miller tries not to notice.

"Am I too late for the dance?" asks Ralph Rafuse.

Marvin jumps high for a point.

B. Hallman, B. Cain, H. Brock, R. Jones, K. Duerloo, S. Jackson, M. Velasco, K. Poole, R. Evans, K. Sumner, and L. Oliva "Go Hawaiian!"

Karen Jumonville looks as if she just stepped out of the '50's!

Basketball Homecoming was held during the week of January 18-22, 1982. Each day was filled with excitement — from the competition between the classes to the crazy costumes! Dress-up Days were Fifties Day, Nerd Day, Hawaiian Day, and Red and Black Day. The three classes each chose two "sweethearts" to represent their class, and then worked at raising as much money as possible by selling "spirit links" and collecting cash in the traditional Penny Jars. The representatives for the class raising the most money would be Homecoming Sweethearts.

Mona (Hassell) explains to her friends that since Homecoming is a dressy affair, it's O.K. to wear mink.

The Best of Times

Sophomores Lisa Davis and Mark Jeter.

Seniors Leslie Herrmann and Mark McCabe.

Friday night at half-time brought an end to the suspense. The seniors had come through, and Leslie Herrmann and Mark McCabe were the proclaimed Basketball Sweethearts. After a victorious game, spirits were high and the dance was a super success! Gary Oesch from WPAS was the DJ and played all our favorites. It was THE BEST OF TIMES.

Juniors Debbie Meyer and Ricky Smalley.

The Seniors score again with a surprised, but happy, Mark and Leslie.

Cisco fires the ball to Shawn for a shot.

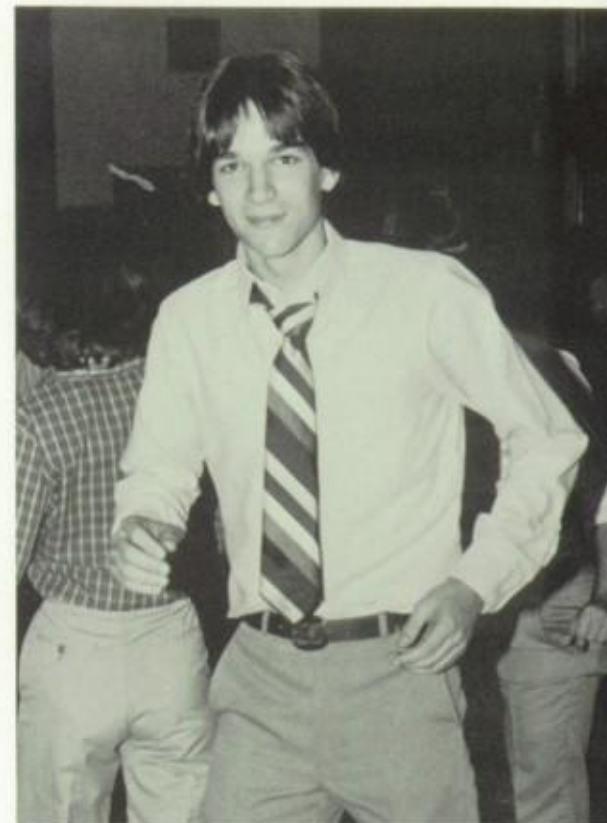

Charmayne Johnson and Diane Tinsley prove that *all* the fun isn't on the dance floor!

"This is the way they do it in jazzercise," comments Darlene (Roenicke).

Kimberly Poole and Les Bessenger sing-along with the moves and the music.

Running is only *one* of Todd Piersall's talents.

Shellie Shannon and Pat Cooper enjoy a little romance with a slow dance.

Greg Miller tries to convince Gail Gosselin to save the next dance for him.

Elisa Kilpatrick is ready for a trip to the islands to practice her hula.

Randy (Bernowski) must have told Kathy (Beaumont) quite a story!

"I'm not going to the dance without a date," states Julie Diez.

It's easier for a guy to concentrate on the girl when it's a slow dance! (Marsha Roenicke and Jason Wisniewski)

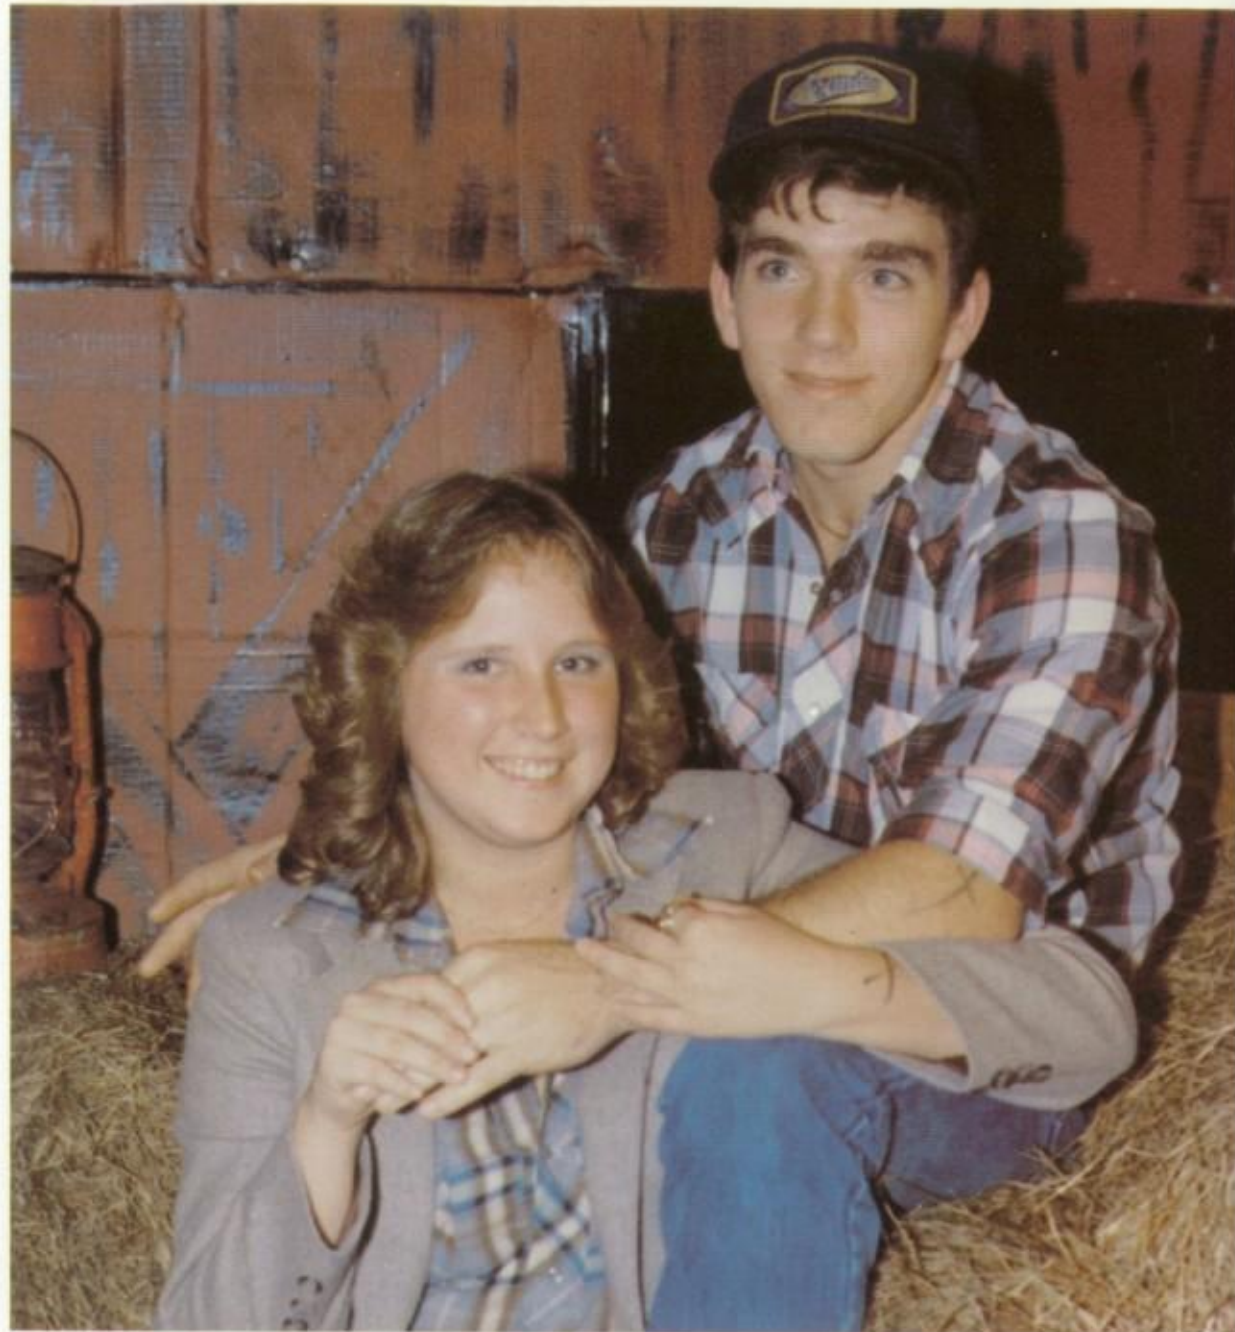

Mrs. Bessenger and Mrs. Dampier enjoy an animated conversation before the action begins.

Off to Dogpatch, USA

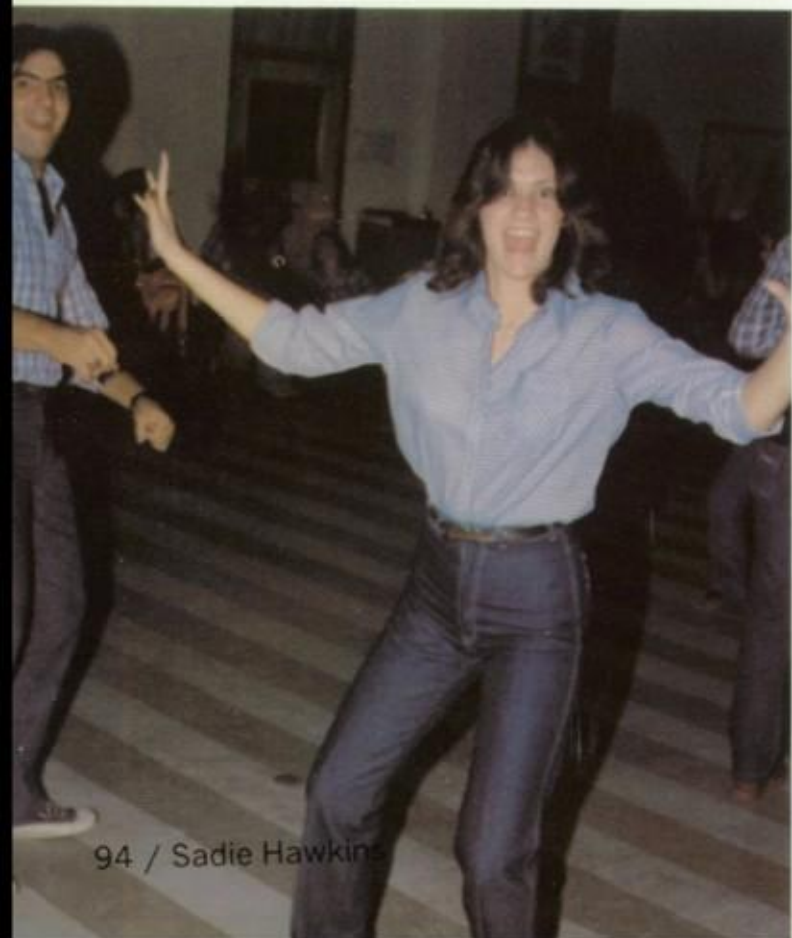

On February 20th, the girls invited their favorite guy to an evening of "romance" and "let's pretend." It was Sadie Hawkins, 1982.

Steve Michaels from WDCF was the DJ for the evening, providing lots of rollicking, foot-stompin' music.

After dancing awhile, the couples would run off to Dogpatch, USA so Marryin' Samantha could tie the nuptial knot. Here, the fella would present his lil' lady with a token of his undying love — a Sadie Hawkins "ring."

At a penny-a-vote, Paige White and Larry White (no kin) were chosen to be Daisy Mae and Lil' Abner.

"With this ring, I thee wed . . ." (Chris Flannery and Tom Hall)

"John (Walker) just couldn't say 'no' when I invited him," says Terry (Ellington).

Sometimes there's more action on the sidelines than on the dance floor.

Bruce Stancil presents Paige and Larry with official T-shirts.

"Come again, Toni?!" asks David Daris.

"It may not be a diamond, but it's mine!"

"If I close my eyes, maybe he won't take a picture of me." (Tammy Dorsett and David Sanders)

It can be fun to be caught in a squeeze, according to Melissa Newsome.

Following the ceremony, everyone relaxed and enjoyed a trip to Honeymoon Haven, located in the Sadie Hawkins Dance Saloon. Not only was there lots of dancing but for a few bucks, you could have a "wedding portrait" made.

Then, suddenly ... the clock struck 10:20 p.m., Li'l Abner (Larry White) and Daisy Mae (Paige White) were introduced to the crowd. Cheers, whistles and applause filled the room. It was a night of excitement and fun. The Junior Class had once again out-done themselves in presenting Sadie Hawkins to all at Pirate Patch, PCHS. Congratulations, Juniors!

Marryin' Samantha (Ms. Stephens) and Mammy Yokum (Ms. Benedini) give us a pair of those famous country grins.

Theresa Pennington moves too fast for Eric Long.

A special moment is shared by Monica Dukes and Gordie Larkin.

Debbie (Jacobs) has found someone she can really look up to. (Jerry Barthle)

Sandra Byrd and Shelby Ramer take a break from the action.

On your mark, get set, BOOGIE! (Charmayne Johnson)

Charles asks, "Weren't you (Paul and Brad) supposed to get the cokes?"

"... Clowns, Color and Cotton Candy ..."

The Pasco County Fair is an annual, festive event that no one wants to miss!

Before the fair opens, a spirited musical parade, featuring clowns, color and cotton candy, winds its way through downtown Dade City. Many schools, Civic organizations, and marching bands from throughout the county participate.

The 1982 fair had many exciting rides including the Skydiver, the Zipper, and the Flying Bobs to test one's courage.

A folk festival, talent contest, pet show, baby contest, and beauty pageant were an important part of the festivities for our school. The highlight of the week came when our own Leslie Herrmann was selected as the 1982 Miss Pasco County, and another of our lovely seniors, Rita Boyd, was named first runner-up.

The fair was an enjoyable event for everyone, and we look forward to the sights, sounds and smells of Fair Day 1983.

Ramilda Kelly makes a point musically in the WQYK Talent Show.

In the evening gown competition, Rita Boyd walks the runway with confidence.

Leslie Herrmann (Miss Pasco 1982) gracefully performs her ballet.

According to Susan Ivie, Betty Ann O'Lone, and Karen Jumonville, fairs are for fun!

Good ol' boys, David Johnson and Butch Tabb show off their talent with a little pickin' and singin'.

Darlene Roenicke is a modern version of the Southern Belle.

Kay Davis combines art and dance to perform an original drama for the Pageant crowd.

"Well, guys, do we play another game or take a ride on the Skydiver?"

First-class service is provided by M. Rao, R. Rhinesmith, K. Cooper, M. Cotter, G. Gosselin, T. Boyett, D. Heath.

J. Jenkins, L. Bacon, S. Fagan, and D. Petters make memories.

While her date goes for the car, Kathy gathers their mementos.

"Best Dressed Couple" is a title Angela Benson and Raymond Pressley might well deserve!

"Don't you think the Prom is beautiful?" Debbie asks Charmayne.

Lisa Goodwin admires Kelly's (Sanchez) tux.

A Touch of Class

Who would have expected that what began as a dreary, rainy day would end with such a spectacular evening?! Prom night, May 8, was most definitely an evening to remember!

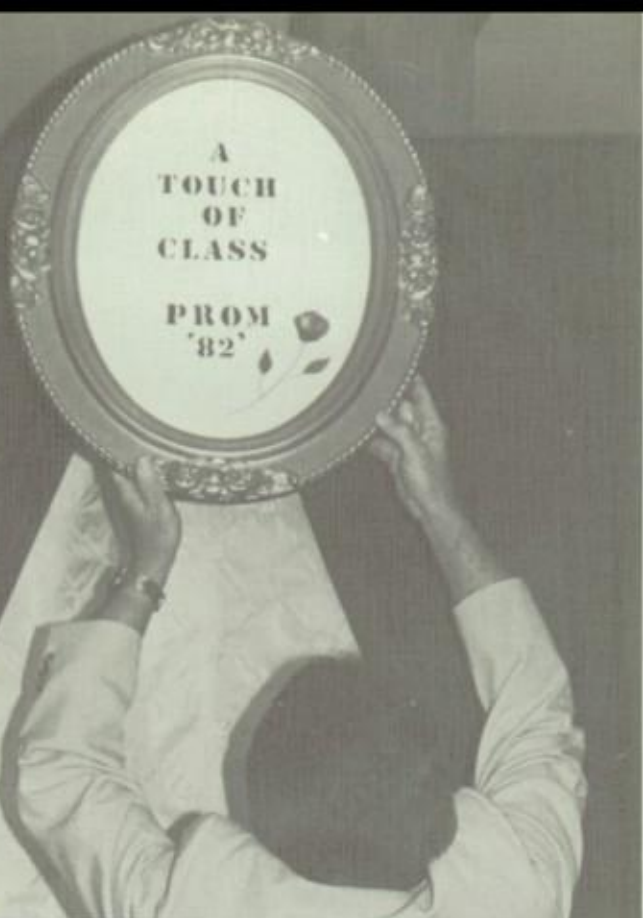

At eight o'clock, cars began arriving at Whispering Oaks Country Club in Ridge Manor. A tradition had been broken. It was not a "St. Leo Prom." The Juniors had taken a bold step.

A full moon, cool breeze, poolside setting, "champagne" fountain, girls in lovely evening gowns, guys in tuxedos, and the Southern charm of Whispering Oaks — what could be more romantic?

Front: D. Sumpter, C. Harmon, A. Benson, I. Stewart, S. Jenkins, S. Harrison, K. Smith, R. Smiley.
Back: A. Sanders, E. Gant, E. Hall, J. Hill, M. Redmon, C. Stephens.

Deryk entertains his date with a little vocalizing.

At ten o'clock sharp, the music stopped and Bruce Stancil, president of the Junior class, stepped up to the microphone to announce the long awaited Prom Court. "The second court is Leslie Herrmann and Mark McCabe. The first court is Cassandra Harmon and Shawn Johnson. The 1982 Prom Queen and King are . . . Monica and Gordie Larkin."

As the evening came to a close, we realized that for many of us, this was our last Prom. The memories would live forever. The Juniors had succeeded again. The evening truly had "a touch of class!"

Prom Queen and King: Monica and Gordie Larkin.

Karen Williams, Jodi Gentry, and Rhonda Jones present flowers to the court.

The king and queen claim the dance floor.

Mary (Villarreal) and Edith (Rhodes) avidly read the memory book while their dates wait for the band to begin.

Cassandra Harmon and Shawn Johnson share the spotlight.

Scott (Weeks) asks Christine (Rollins) for this dance.

Harriet gets Ricky's attention in spite of the music.

Merriment and Mayhem

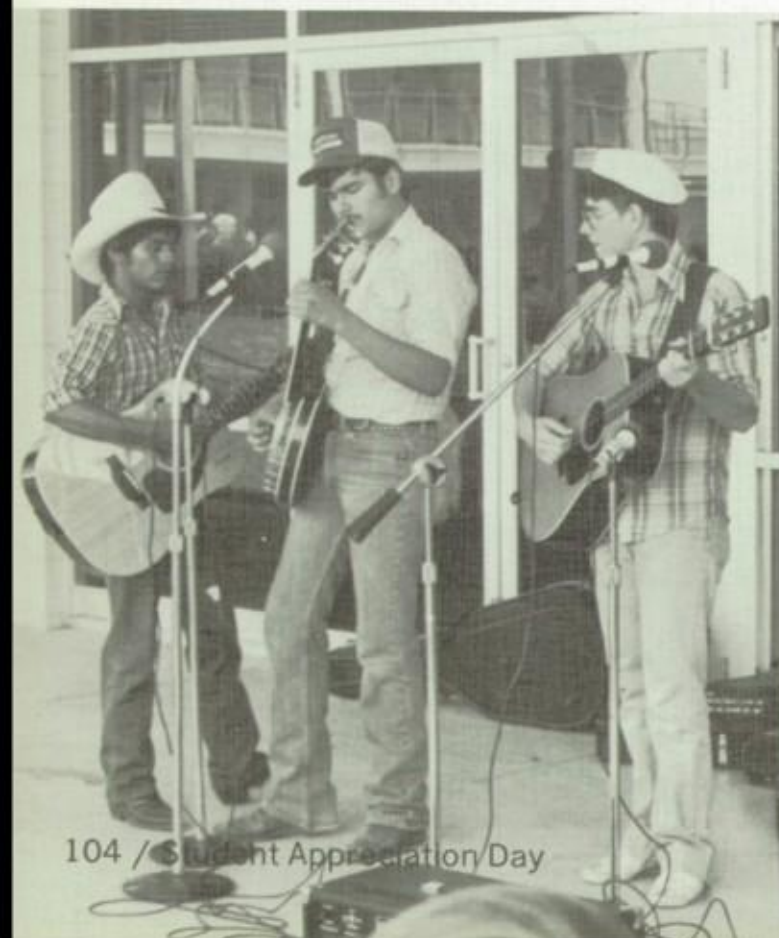

May 14th was probably the most anticipated day on our calendar. Students were dismissed third period to hear campaign speeches by candidates for next year's student government offices. Following fourth period, students were free to participate in Student Appreciation Day. There were several club-sponsored booths and activities to be enjoyed.

Drue Hamilton and Cheop Corwin long for class to end.

The candidates wait nervously as Tom (Hines) gives instructions for the speeches.

Mrs. Robinson earned a lot of "bucks" for the FFA!

Wearing shorts is a one-day privilege!

Food is a language everyone understands!

The most important picture in the box is *your* picture.

The Foreign Language booth sold international foods, many of which were new to students. Campus Life sold books and religious articles. Student Council provided ping pong tables and raw eggs for those with a competitive spirit and sold popcorn and coke for refreshment. The fun got a little out of hand when some students became involved in non-sponsored, unauthorized egg throws and water balloon fights.

The FFA "dunking booth" was a popular spot since Mrs. Robinson agreed to be "dunked." The Pirate Staff's picture sale was another big attraction. Throughout the afternoon enjoyable music was furnished by the "Southern Comfort" band.

SUCCESS UNLIMITED

Editor: Randy Bush

Organizations are formed to bring students with common interests together, and to provide a place to develop leadership potential. Many students invest a lot of time, talent, and knowledge in their organizations, adding spirit to school life and giving students an opportunity to provide service to their school and community. We have an organization to fit every need, and our students are encouraged to "get involved."

Best Marching Maneuvers

We kicked off our year in July with Band Camp. In two short weeks we learned our music and the show. Camp ended with a performance and get-acquainted dinner for our parents.

In mid-August we started our Tuesday and Thursday night practices which continued through mid-February. We were trying new concepts in music and at the same time were incorporating all the best marching maneuvers from nationally known drum and bugle corps. The result was an effective departure from the traditional military or big-band style. We utilized the few musicians we had in order to make our small band sound as exciting as possible. Our drum instructor, Ken Watts, stayed with us throughout our marching season and motivated the entire band tremendously!

Saxophones: J. Hill, W. Wormack, G. Singleton, T. Bellamy, M. Green, L. Charette, F. Yager.

Special Woodwinds: J. Hill, W. Wormack, C. Wells.

On October 24, we hosted the first Pasco Invitational Marching Contest. Although we could not compete, our exhibition performance out-scored the first-place band by twenty points!

November 14, we traveled to Mount Dora for the Golden Triangle Marching Contest. We finished third overall and took first place in music. Our innovative drum line missed first place by one-tenth of a point! A week later we traveled to Tampa for the FBA Marching Contest. We were one of the few bands to achieve Superior rating in all scored areas. On December 5, we were off to St. Pete for the Florida Tournament of Bands where we received fifth place in the field competition (out of twenty bands).

Russell does everything with a beat!

February brought the Florida Citrus Festival Showcase of Music. We took seventh place in the parade, third place in concert competition and showed our flexibility and musicianship by placing first overall in the evening field show!

Solo and Ensemble rolled around in late February when on the 26th, our Jazz band achieved an Excellent rating. The next day our individual soloists, ensembles and color guard competed. They brought home eight superiors.

The FBA Concert Contest was held in Tampa March 12; we received an excellent overall with a superior in sight-reading. March 27 we competed in the Chasco Fiesta Parade and took first place. Our Jazz Band participated in the West Coast Jazz Festival April 30, and on May 15 our superior rated soloists and ensembles went to Cocoa Beach for the FBA state contest.

The 1981-82 Marching Band of Pirates

Our year concluded May 27 with our annual banquet and awards ceremony. The 1981-82 year was truly the *best* ever for the *Band of Pirates!* We would have been unable to achieve all that we did without the guidance and support of Mr. and Mrs. Jeff Davis, our special instructors and our many helpful band parents.

Although it was an experimental and sometimes trying year, we showed real "class" by finishing like true champions.

CBE Works for Me!

Angela enjoys keeping voter registration up-to-date at the Supervisor of Elections office.

CBE is designed to help you learn about the business world by participating in it. This year's CBE class was made up of eighteen students. Each student had a job to go to every day after school. Every job was different and we learned a lot while discussing our particular situations and positions during our CBE class at school. We all worked hard, earned money, and received a credit at the same time! We also had the opportunity to be involved in many of the FBLA functions.

During the year, we had a few money making projects so we could hold the annual CBE formal banquet. The purpose of this banquet is to show our appreciation to all our job supervisors.

All in all, each CBE member learned something useful to help him/her in the business world. Through the year we really had fun and grew closer together. It was sometimes hard to keep our minds on our work, so Mrs. Ricci really had her hands full! She played a very special part in our senior year, and we wish her the best of luck with her new baby.

A Time for Fun and Fellowship

Campus Life Club provides an opportunity for students to meet on campus for weekly Christian fellowship, and it assists the school in developing the whole person.

Although we were a new club on campus, we got involved. Our Homecoming float won third place. We also sponsored a live, Christian Band concert which attracted many students. And, of course, no year would be complete without some kind of trip, so we took off to Clearwater Beach during Easter vacation for a time of fun and fellowship.

Although the response from the student body has been gratifying, we are, nevertheless, looking forward to even greater participation and involvement in the future.

Cosmetology is an individualized course of study designed to assist students in developing specific skills used by cosmetologists in the process of applying chemical preparations to beautify the hair, the complexion, and the nails. They use these skills to help their customers look as attractive as possible. Success in the profession depends on one's ability to incorporate the scientific aspects of cosmetology into the art and techniques of applying appropriate measures to meet the customer's individual needs. This is the reason for studying the anatomy, physiology, and chemistry related to the techniques being used.

Get a Job . . . Keep a Job

Deirdre takes charge — effectively!

The DCT club is made up of students who have learned how to get a job, how to keep a job, and how to improve while on the job. These things are taught by our sponsor, Mr. Hal McGregor through the DCT class. The DCT class helps you learn more about your job while you are actually working. The DCT club is an activities organization for working students. This year's activities included spirit ribbon sales, personalizing a block in the new sidewalk, car washes, bake sales and the CECF District 6 Contest. Kim Johnston was awarded a first place trophy in the Medical Related contest. Deirdre Sumpter represented our class at the CECF State leadership Conference which was held at Hollywood, Florida. "Earning while we learn" still allows us time to participate in a very exciting organization.

Annette tells Brenda all the advantages of FBLA membership.

The 1981-82 school year has been very productive for the Future Business Leaders of America. The Pasco chapter was, once again, "home" to a State Officer and a District President.

In February we took our members to the District Conference in Lake Wales, Florida, and then it was on to State in Orlando and Nationals in Indianapolis, Indiana! FBLA sponsored many activities involving the members and non-members. Among them were "Singing Valentines" and "Almost Anything Goes." The chapter purchased and displayed a National FBLA billboard for publicity in the community.

Special recognition goes to our great sponsors Miss Donna Lain and Mrs. Janet Ricci, who are always there and without whom we could never succeed. Also, a big thank you to Mrs. Walker, Miss Pedrey and Mrs. Gilbert who aided and encouraged us along the way.

The Future Farmers of America is an organization dedicated to developing members' knowledge about agricultural industries. America sees us building a foundation for the future and preparing for coming agricultural endeavors as members learn about agribusiness, leadership, responsibilities, and each other through teams, projects, committees, and activities.

This year a brand new challenge has been issued to FFA chapters throughout the state. Plans for a State Leadership Training Center have been finalized and \$50,000 is needed to complete it. We have done our part through several fund-raisers.

Participation on various teams such as Livestock Judging, Parliamentary Procedure, Meats Judging, Land Judging, Horticulture, etc., and the recognition it has earned for our members and our school also brought us knowledge which will serve us well in years to come.

The culmination of this year's achievements was the May Parent/Member Banquet. Awards were presented to outstanding members and citizens in the community who lent a helping hand. This year all the food served was a product of our efforts, and we enjoyed viewing a slide-presentation of our accomplishments. Appreciation for the Performing Arts

The Society of Performing Arts (SPA) has been organized to promote appreciation for and involvement in the performing arts and oration among our youth and society.

The Society was only organized this year but has been very active. We've produced two plays ("A Christmas Carol" and "Arsenic and Old Lace") and represented our school in two short skits at the 1982 Pasco County Fair.

We also sponsored a series of excerpts from Shakespeare, which were performed by a traveling acting troupe.

Besides being a club, we're also a class. This has been extremely helpful in our preparation.

We appreciate all the support we've received from the student body, faculty, administration, and community, and hope that more students will join our organization next year.

Future Homemakers Lead and Serve

Future Homemakers of America is a national organization that provides opportunities for leadership development through individual and group activities based on members' concerns and interests. Membership is voluntary for all students who are enrolled in or have taken a course in homemaking.

Our chapter has a membership of twenty-five members. The chapter has done many interesting things this year — namely, contributed more than thirty toys to needy children, gave fruit to the aging, and attended the district meeting where we won second place in public

speaking. We also won two blue ribbons at the Pasco County Fair.

The members of the club have won scholarships, held district and state offices, and attended state and national conventions.

The chapter is planning for all FHAer's to participate in FHA week. They will be adopting a shut-in, having exhibits, and giving FHA service to students who need needles, thread, and safety pins. We will also have an "I made it" Day — FHAer's will wear garments made by them.

Salut Les Copains!

The French Club has seen a fast-paced year, indeed! With the many activities and field trips that we planned, very little empty space was left between dates on the calendar.

In the Fall, we took a field trip to St. Augustine where many of our French ancestors planted their roots. Soon thereafter, we were deep into the preparation for our annual Christmas Festival. All the honor roll students were invited to share the fantastic foods and exciting entertainment from foreign lands.

February brought another important date to the calendar. We visited the St. Petersburg International Folk Festival, where countries displayed their customs and foods.

1982 also gave the foreign language classes a chance to prove their merit. About thirty of the best students traveled to New Port Richey for an all-county Foreign Language Field Day. Many ribbons were awarded to students competing in various categories.

As the year concludes with fond memories, we can all look back on the experiences we have shared.

"Great things come in small packages." This statement describes our newly formed German Club.

During December, the Christmas Spirit could be found everywhere among the German students. With the help of the French and Spanish Clubs, we put on the very successful Annual Foreign Language Christmas Festival for all Honor Roll students and faculty.

Skits, songs, and native costumes highlighted the celebration. Food from all three countries was served buffet-style to everyone.

On December 17, the German students went from class to class singing "O Tannenbaum" and "Stille Nacht" (Silent Night).

Then in February all Foreign Language students attended SPIFFS in St. Petersburg, where we enjoyed entertainment, food, and displays from countries all over the world.

March brought the all-county Foreign Language Field Day in New Port Richey. Chris Flannery, Elaine Gosselin, Kerri Griffin, and Christine Rollins recited German poems. We received three Superior ribbons and one Excellent ribbon. Kevin Scott and John Tilley won an Excellent ribbon for their great display about Germany during World War II.

In the near future we plan to visit Pasco Jr. High for recruits for next year's German program.

It has been a fantastic year for the German Club. Auf wiedersehn!

We Strive for Perfection

The 1981-82 Guard has come a long way. We have improved our abilities to learn, to do our drills, and to march. We have met our first goals but are still a long way from perfection.

Once you step on the field or the court, you have to know what you are doing. There's little room for error.

The Guard has done a great job this year, but we still have room for growth. We have organized a Competition Guard called "Point Blank," which consists of sixteen members. We perform for five minutes to music of our choice. The maneuvers are very intricate.

It sounds really easy, but it is hard to attain precision and it takes a lot of dedication from each member. To win, you must have the desire.

We have all enjoyed performing in marching competitions. This year we have competed in FBA at Chamberlain High School, receiving a superior rating. At the Florida Tournament of Bands we placed fifth; at Mt. Dora's Golden Triangle PLG Championship, we placed third, receiving also "High Music." At the Citrus Festival Marching Parade and Field Competition we placed sixth in parade, third in concert band, and a big first place for field competition. We also received "Best Use of Front" and "Best Drum Major."

Along with the awards we have received with the band, the Competition Guard has received a superior rating at Solo and Ensemble for a great starting position. We have competed at Springstead Invitational, placing second and at Central Florida Color Guard Competition placing first.

The Guard would like to express our many thanks to the following people: Mr. Mike Raifford, Mrs. Roxanne Davis, Mrs. Rita Clark, and Mr. Jeff Davis for putting up with us during the difficult times.

For three years the Guard has worked to reach its present level. It takes dedication to do what we do. We are outstanding, but we will never stop striving for perfection.

We consider ourselves a "family." We love one another and are truly a team.

Human Relations encourages harmonious relationships between people. Membership in our organization is open to the entire student body.

The purpose of the Human Relations Club is to improve communication between persons of varied social, economic, and cultural backgrounds. The goal is to establish better understanding between people.

Success just doesn't happen by chance. You have to *make* it happen! To be successful in life, one must know how to get along with people. Knowing how to get along with people will help one to understand himself better. One of the first phases of club activities was devoted to Personality and Adjustment Development. Our future plans include having a Human Awareness Workshop and other activities that will promote better understanding between people.

Interact is a club for high school students, sponsored by the Rotary Club. It is a nationally affiliated club, with one of its major objectives being interaction between the students and the community.

We, as students, feel that we have discovered more about ourselves and our part in the community during this past year.

Also, as the future adults of our country, we have discovered the responsibilities needed to organize civic projects, such as Rotary's annual Country-Western Day. We helped, too, with the National Parachute meet in Zephyrhills.

As part of our association with the Rotary Club, two Interact members attend a Rotary Luncheon weekly and bring back news of upcoming projects that involve us.

We have had a very productive year, but it would not have been such a success without the help of our sponsors, Mr. Hal McGregor and Ms. Cathy Pedrey, vice-president Kim Boltin, Mr. Lowell Harris, the Rotary-Interact committee chairman, and the faithfulness of each member.

We assisted in raising money for the Heart Association, gave a party at a Day Care Center, and planted a tree to let Mr. Roy Hardy know that he was appreciated. What did we get in return? The members will all agree that it is a self-satisfaction that is felt deeply inside. The smiles on the children's faces at the Day Care Center made each of us feel great, because we knew that we were responsible for the happiness they were feeling.

Key Club also sponsored several fund-raisers. We washed cars at Dick Jarrett Ford (Thanks Mr. Jarrett), had bake sales, and even sold household items at the Flea Market!

We are sponsored by our local Kiwanis Club, and our Kiwanis advisor, Mr. Kurt Browning, has been great. He has made himself available whenever we have needed him.

Feature Twirlers

Self-discipline is the key to Charmayne's excellent performances.

The majorettes have really expanded their role this year as we tried something new. We had feature twirlers, and even though there were only two of us, we had a blast!

During marching season, we, along with the Guard, won some nice awards — such as "Best Front" at the Florida Citrus Festival.

At the beginning of the year Elisa attended the Central Florida Baton camp, while Charmayne attended several baton contests throughout Florida. We were prepared!

We have also been part of the outstanding PCHS Comp Guard, "Point Blank," along with fourteen other fantastic people. Working together as a unit was special.

We have really enjoyed working together, and God has been with us all year. Best wishes to the majorettes of the future.

Due to an increase in the teaching staff, journalism was a new class offered in '82. In this class the decision to bring back the well-known *Pirate Log* was made. Everyone in the class joined a committee to help organize the paper and worked hard.

Mr. Carl Moore, owner of Pasco Sunpress has been a big help to us. Every Thursday staff members go down to his office to set type, and print the paper. The only differences between our paper and the *Pasco News* are ours is smaller and doesn't require advertising.

Every other Friday when the *Pirate Log* hits campus, about 85 to 90 percent are sold during lunch. They go so rapidly, the staff doesn't even get a chance to look at a finished copy until everyone else is already reading it!

Our success has been due to a conscientious staff and constant encouragement and help from our sponsor, Mr. Jud Hetrick. Happy Reading!

This year has brought new and wonderful experiences for all of us in the National Honor Society. We not only gave Honor Teas, but we also went to the Middle School to explain the importance of grades and involvement in school activities. At the Junior High, we talked to the NHS students about their next three years at PCHS, encouraging them to continue to strive for NHS membership.

None of us will ever forget our years at PCHS, nor will we regret the efforts required to achieve the rewards from our achievements. Each of our sixty-two NHS members has shown the outstanding qualities of scholarship, leadership, service, and merit. These qualities will endure for a lifetime.

We would have been able to accomplish little without the guiding hands of Ms. Mary Hughes and Mr. Bill LaCour, our sponsors. Their support has meant so much. We also extend a special thanks to the Business Department who typed our honor roll letters and to the Agriculture Department who furnished plants upon request.

Rodeo is one of the oldest sports in America. Cowboys would get together and test their skills against each other. The one event that started it all was saddle bronc riding, which helped break horses in the Old West.

Today rodeo is very different in that youngsters may start participating in Little Britches rodeo. Then they advance their skills to the High School Rodeo Association. If they are good enough, they can advance to college rodeo by scholarship. The ultimate goal is membership in the Professional Rodeo Cowboys Association or the Women's Professional Rodeo Association.

The most impressive aspect of high school rodeo, however, is the quality of young people it produces. These young men and women are learning a great deal more than how to win an event. They are learning how to win at life. Their teachers are the dedicated adults who take the time and trouble to make it all happen.

Hola Amigos

To help students understand their Spanish heritage better, our first field trip took us to St. Augustine to visit the historical sites. Christmas gave us an opportunity to practice our newly acquired language as we went from class to class singing Christmas carols in Spanish. In February we attended SPIFFS, which was held at the Bayfront Center in St. Pete. SPIFFS was a great place to learn about the foods from Spain and other Spanish-speaking lands. In the spring, to help us learn more about the food, we each prepared a dish native to Spain and had a tasting party!

I would like to thank each club member for a wonderful year.

The Preamble to the PCHS Student Council Constitution reads:

We, the students of Pasco Comprehensive High School, in order to promote our common interest, to maintain high standards of cooperation, loyalty, and citizenship; to meet the ever-changing demands of this school and our adult life; and to encourage all forms of student activities; do establish and support this adopted constitution.

During the year we have followed the guidelines set in the constitution to have a very successful Council. We have maintained the high standards of cooperation, loyalty, and citizenship by attending a District IV Student Council meeting and in our own meetings. We represented the school well with our first-place winning float in the Homecoming Parade in October.

The Council succeeded in meeting the everchanging demands of the school and our adult life many times over the year, especially through the construction of a much needed sidewalk on campus. Finally, the most important responsibility of the Student Council, we have encouraged many forms of student activities.

The first social activity sponsored by Student Council was the always-popular Welcome Sophomore Dance. Other dances we sponsored included a Christmas Dance, an Easter Dance, and one of our biggest functions, Basketball Homecoming. We also provided for the students to see two very popular movies and enjoy the fun of Student Appreciation Day.

Cameras, Croppers and Captions

"Did you take the grease pencil?"
 "Where's the job stamp?"
 "Can you think of a caption for this picture?"
 "Does anyone have a pencil with an eraser?"
 "Does anyone have an aspirin?!!!"

This is just a sample of the conversation you would hear if you stepped in on a yearbook meeting close to a deadline.

Over the summer do we get a break? Of course not!!! We do the graduation section, go over proofs, and sell ads. Selling ads is a big part of the money raising needed for the yearbook. The sales usually continue until January, finishing with a lasagna dinner at Mom's (Mrs. Jones) house.

Pasco's defense is ready to move into action as soon as the ball is snapped.

The Pirates ended the 1981-82 Varsity football season with a 5-5 record. Four of the five Pirate losses came to teams who were ranked in The Top Ten in the state.

The first game of the year was a 15-2 victory over Tampa Catholic followed by an exciting 26-20 win over arch rival Zephyrhills. A goal line stand by the Pirate defense in the last 50 seconds proved too much for the opponents. The defense was led all year by seniors Gordie Larkin, Lyle Plummer, Harry Hays, Gil Singleton, juniors Clay Jordan, Warren Sickler, Hutch Brock, Dwayne Dennard, Earl Berry and Randy Roundtree.

The Pirates then dropped three straight to Auburndale, Tampa Jesuit, and Lake Gibson. However, they never gave up during the long three weeks, continuing to work hard and giving good effort throughout.

Pasco then began their own three game win steak with wins over Springstead, Land O'Lakes, and a thrilling comeback homecoming win over Lake Weir.

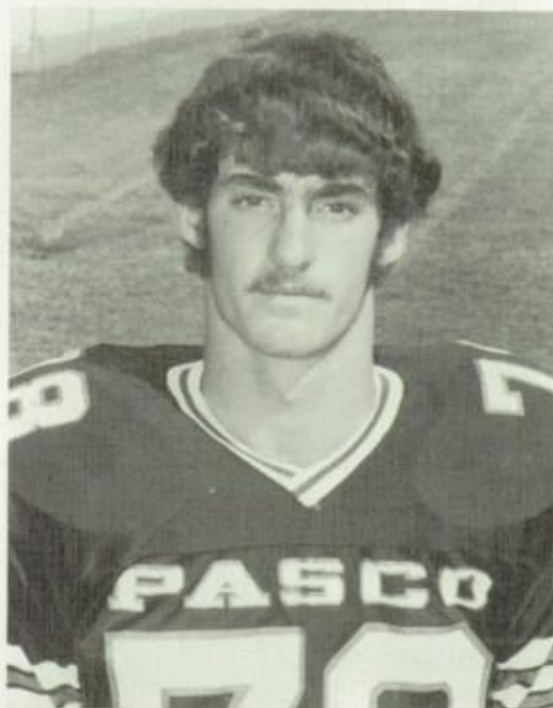

Going into the ninth game of the season, the Pirates played Hernando for the District Title, but lost in a hard fought battle, 26-6. Tarpon Springs then beat the Pirates 32-0 for the season's finale.

Sitting on the bench is unusual for Gil Singleton, who is more often seen charging through the opposing line.

Butch Tabb, #73, T-DT

Larry White, #50, C, G-LB

Gil Singleton, #32, RB-DB

The offense led by QB Mark McCabe, RB's Anthony Roseborough, and Gil Singleton, were explosive all season long. Their success was brought on by the blocking of Tom Hail, Brett Bush, Butch Tabb, Ed Hall, Harry Hays, Gordie Larkin, and Lyle Plummer. Led by Mark McCabe the offense finished third in the district.

All District performs were Harry Hays, Gordie Larkin, Gil Singleton, and Anthony Roseborough.

A Perfect 8-0 Season

Head Coach Scott Hunt

The 1981 Pirate JV football team finished the season with a perfect 8-0 record. The JV team completely dominated all their opponents in every game. Defensively, the Pirates limited the opposition to just 34 points in 8 games with 5 shutout victories, an average of a little over 4 points a game. Offensively, the Pirates scored 224 points — an average of 28 points a game.

On offense the Pirates were led by the running of Greg Sims and Mark Jeter along with the passing of Brad Starling to Jerry Lewis and Jimmy Berry.

The superb defensive play was anchored by Eddie Johnson, John Speake, Benjie Gordon, and Jarvis Greer.

After a fine JV season, big things are expected of this team in coming years. Good luck, Pirates!

Coach Scott Hunt

Eddie Sims and Jerry Lewis make a clean tackle on Land O'Lakes.

Eddie calls on his body for a little more stamina and speed.

Relaxation is rare at cross-country practices.

Coach Alan Poe

Cross-Country is probably the most endurance-building of all sports. To most, our record would not be inspiring, but we feel we displayed the difference between a losing team and a team of losers. Our team was composed of rookies, none of whom had ever run three miles. But through a lot of hard work, sweat, tears, and Coach Poe's guidance, the improvement of each individual's record was phenomenal. Most team sports require each member to come into harmony with the team, but Cross-Country calls for the individual to become harmonious with himself.

Our team record wasn't all that was hoped for, but no matter what, we never lost pride or hope. We may have had a losing season, but we all came out feeling like winners!

Lady Pirates Spike It Right

Coach Debbie Thor

As captain of the 1981-1982 Lady Pirate Volleyball team, I have to say, "It has been a real experience for me as well as my teammates and coaches." As a team we became more aware of the words unity, strength, and pride. Encouraged by our coaches to have confidence in ourselves, we brought forth a surprising 7-13 record.

For their dedication and understanding, the team and I appreciate Mrs. Debbie Thor and Ms. Sue Stephens. They taught us how to work together as a family, a team . . . as ONE! Thanks for everything, and good luck with next year's team.

Losing Not Expected

Coach Rob Burroughs

The 1981-82 Soccer season didn't start off as planned; an eight game losing streak was *not* expected! The young Pirate booters, led by first-year coach Rob Burroughs, ended the season with a disappointing 1-11 record. However, the year was not a total loss. Many of the young players gained a lot of game experience, and with the help of the junior high team which is moving up, you can be sure that the Pirate Soccer Team will come out fighting next year.

This Squad Never Quit

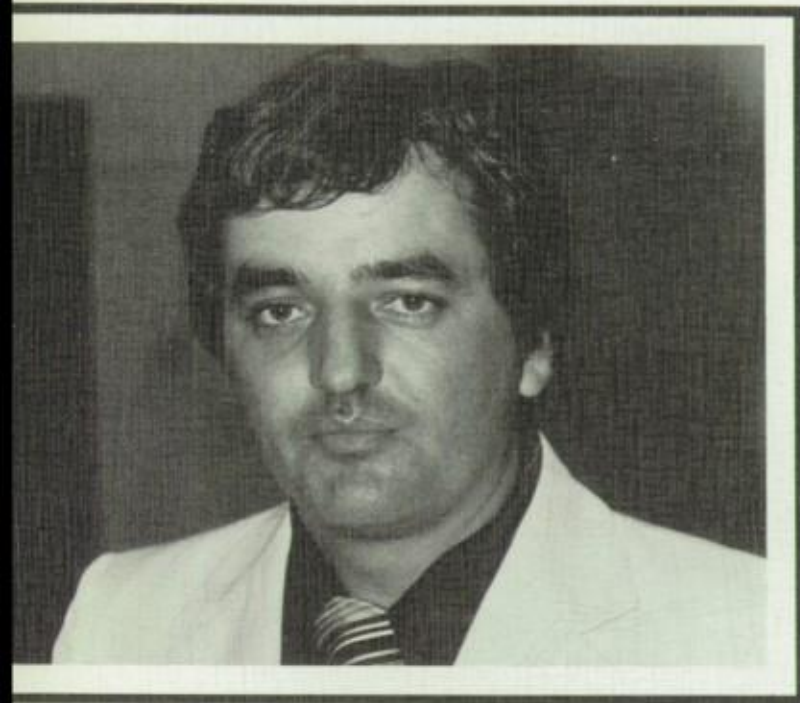

Pasco takes the offensive and sets up for two points.

Anthony drives and leaps for the goal.

Lawrence accepts the pass.

Coach Larry Cheatham

The 1982 Boys' Varsity Basketball season began much the same way last year's season ended, with a disappointing loss to Tampa Jesuit. This loss was indicative of the early season, with the Pirates losing four out of five games to schools like Tampa Catholic and Osceola Kissimmee, not to mention the dominating 4-A power, Orlando Evans.

The fight, however, had only begun. Returning from the Christmas holidays with a first place trophy under their belts, the Pirates began to put things together. With Anthony L. and Cisco J. leading the fast break, the reputed showmanship of past Pasco teams returned, sparking what was earlier a quite docile group of fans.

Sinking a foul-shot is a cinch for Marvin.

Speed and control — that's Cisco.

If height means anything, Pasco ought to take this tip-off.

Lawrence stretches and goes for two!

Standing: M. Myers, S. Johnson, D. Dious, L. Christopher, E. Gant, L. Bryant, Coach Cheatham. **Seated:** J. Wilson, J. Gray, J. Doctor, C. Johnson, L. Clemons, G. Garner. **Not Pictured:** L. Plummer.

The break was not the only element shining through. Lawrence B. and Lonnie C. began filling the net with soaring bombs while all-conference Shawn J., along with Leroy C., took up the slack from inside. Meanwhile, the all-around intimidating performance and determined spirit of Marvin M., led the team both on and off the court.

With this combination, the cagers won eleven of fourteen games in a stretch. Soon it was time for the District Tournament. With a hint of revenge, the Pirates knocked out arch-rival Hernando Leopards in the first round of the tourney, with top seeded Tampa Catholic coming up next.

The sky's the limit in this jump.

In the Crusader's gym, Pasco came out holding the ball. A bewildering slow start resulted in Tampa's lead of 2-0 at the close of the first quarter. The contest picked up and became a "barn burner." The Crusaders pulled ahead by ten in the opening moments of the fourth, but the Pirates furiously fought back. The final moments saw back-to-back dunks from both sides and a desperate squabble for a loose ball. In the end, the Crusaders were victorious.

The locker room was filled with tears as Coach Cheatham shared his last moments with his family of players as PCHS Basketball Coach. The 1982 season can be summed up by saying that this squad, even with the adversities that came upon them, never quit.

Greg Garner

Anthony rises above the crowd to get this score.

Pasco performs an aerial ballet!

Heads up! It's Pasco's turn.

With a flip of the wrist, David puts this one in.

Baiting a Cobra, Anthony shoots from outside.

The team grabs a well-deserved rest during halftime.

Pasco engages in a little prep practice.

Whoosh! — That's Marvin-Magic!

Second in the District

Coach Debbie Thor

The 1981-82 Varsity Lady Pirates was a young team that consisted of five seniors, three juniors, two sophomores and a new coach. Although it was a rebuilding year, we didn't let it slow us down. Many people had predicted the Lady Pirates would finish below the .500 mark and not even challenge for the district title. Well, we came together as friends and as a team and ended the season with a 12-8 record and placed second in the District.

Dawn is challenged by a persistent Sponger.

The game is up for grabs — and so is the ball!

Our season was a very demanding one. It started in October and ended in February. During that time, we put in a lot of hard work. We learned what it meant to stay together when things were down. We found the road to success.

We would like to thank the loyal fans that stood by us throughout the season. We needed and appreciated your support.

Suzanne Pearson

Dawn leads the way as she breaks for the basket.

All those flying arms and elbows are a ref's nightmare!

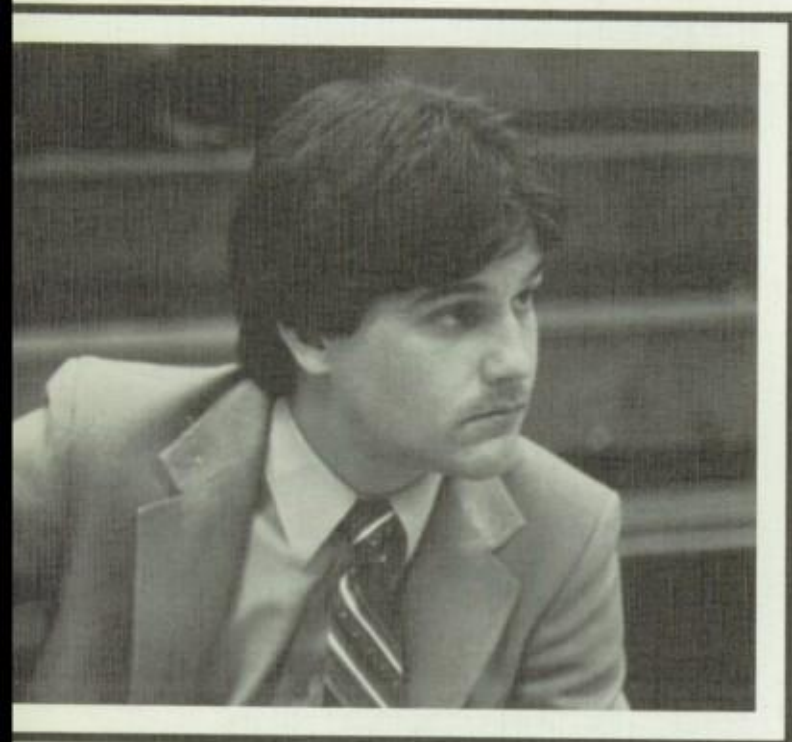

Scoping the basket, Carman prepares to shoot.

Congratulating each other, Carmen and Izella head for the locker room.

The Magic 100-Mark

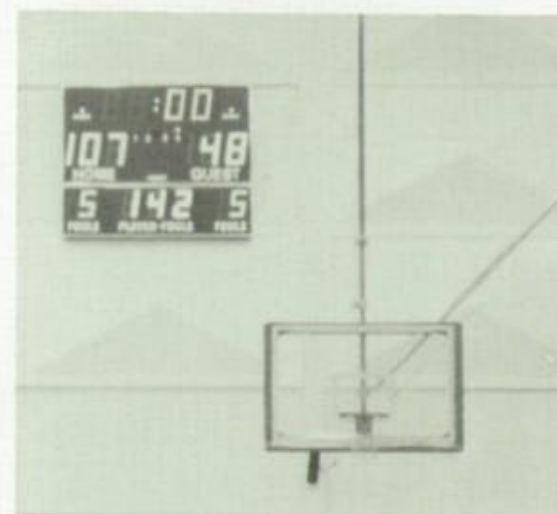

Coach Jeff Piersall

Jeff Piersall was the new coach on the PCHS basketball scene. The former Pasco star-athlete and graduate of Troy State coached the Junior Varsity to an outstanding season including several wins breaking the magic 100-point mark. It's hard to beat a nearly perfect record!

Jarvis sees a chance to dunk it.

We can break the "Magic 100!"

If you can't grab the ball, kick it!

The JV Pirates owe their success to raw talent. Their speed intimidated opponents offensively as well as defensively. This style of play will be a great help in the next two years on the varsity level, and as these players move up, they will hopefully fulfill the expectations put upon them.

Greg Garner

Brad waits for an opening.

Effort and Enthusiasm

Coach Leigh Hunt

With effort and enthusiasm, the 1981-82 Girls' JV Basketball team finished an unbelievable season with a 10-2 record! The many hours of practice and encouraging words from Coach Leigh Hunt paid big dividends as we moved from win to win. We are proud of our accomplishments and are sure we'll contribute a great deal to a winning varsity team next season!

The Team Practiced

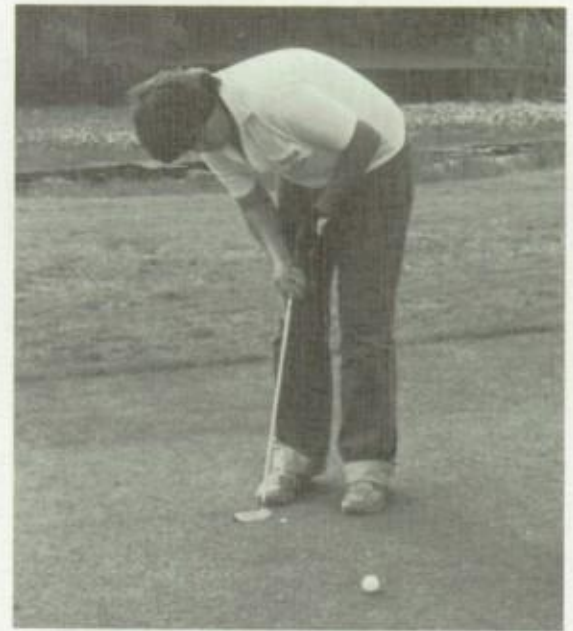

Coach Jim Auten

The 1982 golf team started with losses broken by a sudden victory over traditional rival Gulf High School. The season did not, however, unfold as planned. The team practiced and continued to work to develop a higher level of performance.

Getting out of the "rough" is a challenge for Eddie.

With three balls, Mark is sure to hit the cup!

The team was composed of three seniors, four juniors and two sophomores. These team members, it is believed, gained many qualities which will be of help to them in the future: good sportsmanship, cooperation with others to achieve a common goal, and pride in their school.

Coach Auten

The team is confident this adversary will miss the shot.

Billy shouts "fore," and hopes for a birdie.

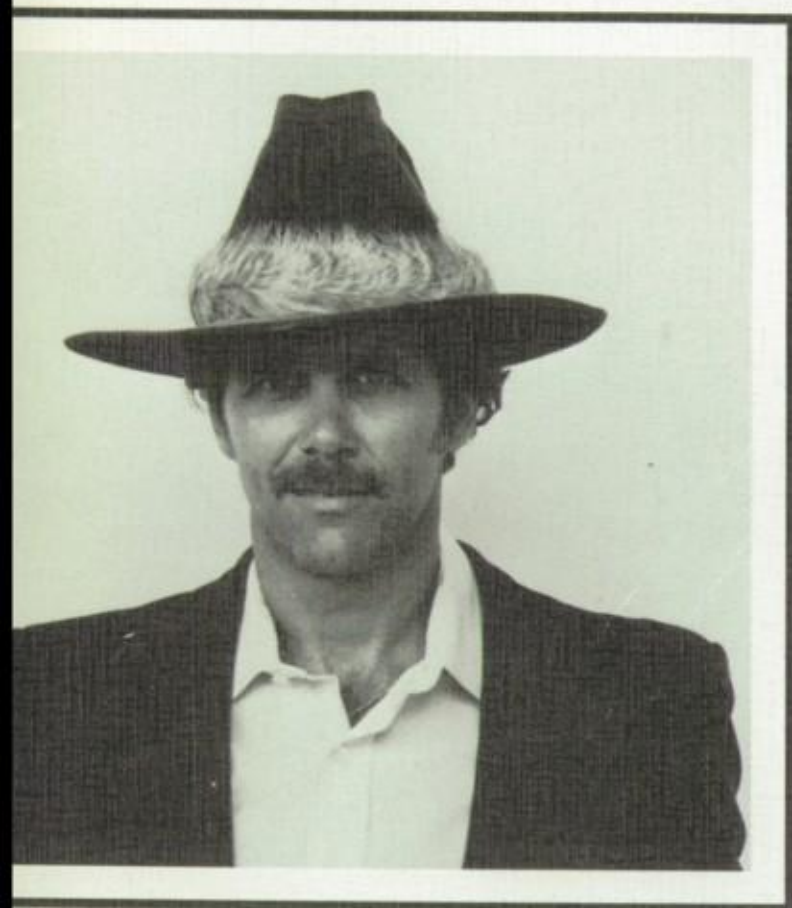

Greg kicks up some dust as he drives the ball away from the sand trap.

Clay wishes he'd swung a little harder!

We Started Strong

Coach Alan Poe

A proud 1982 Track and Field team was once again led by the "fearless" Coach Poe. Pasco brought home three trophies and our overall standing was five wins. But, of course, in Track you never really lose! We acquired our trophies by winning the Pasco County Meet, the Land 'O' Lakes Relay, and the Zephyrhills Relay.

Standing: Assistant Coach B. Long, W. Peredez, D. Dennard, E. Hall, S. Johnson, B. Bush, E. Berry, Coach A. Poe. **Kneeling:** R. Larry, R. Roundtree, G. Singleton, W. Sickler, P. Touchton, D. Mitchell.

Our Hard Work Paid Off

Coach Jeff Piersall

The 1982 Girls' Track Team was a slow starter. Getting in shape was a task, but it seemed the harder we pushed the more our records, times, and places progressed.

In the County and District meet we took second place; this proved our hard work was paying off. Some of us qualified for the state meet in Winter Park.

Action on the Court

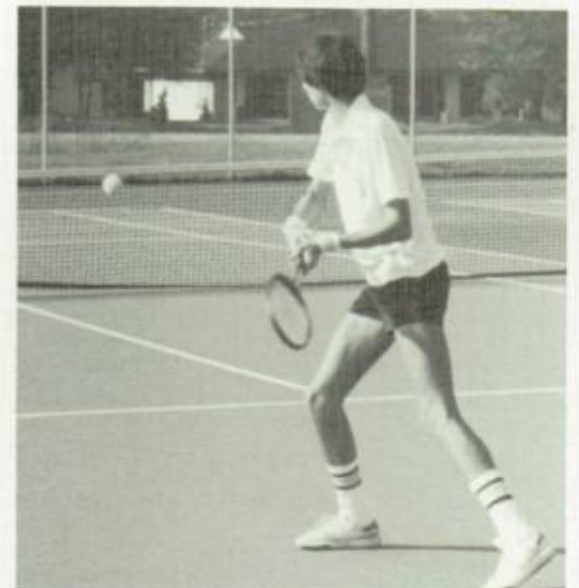

Coach Ron Flott

"A time for rebuilding" was the theme for the Boys' Tennis Team this year. We were challenged by our lack of experience. However, with Jamie Powers our only graduating senior, next year we should have a number of returning starters. Ricky Smalley and Dean Thomas, who had a perfect season in the number two doubles position, promise a lot of action on the court again in 1983! Our overall team standing at this time is 6-6.

Mike Rao

A Mixed Bag

Lorraine is "number one" on the team.

Karen asks permission to go change into her uniform.

Liz lunges for the ball.

Waiting for the ball to move into her court, Reppard is poised for action.

Sue lobs a powerful return.

Coach Belinda Brown

The 1982 Girls' Tennis Team consisted of a mixed bag of experience. Lorraine Sumner led the team at the number one position with a record of 12-4. Her successful season is due to many years of hard work and dedication to the sport. To some of the girls, this season was a brand new experience. Their lack of experience was overcome by their eagerness to improve.

Coach Brown

They Love Those Gloves!

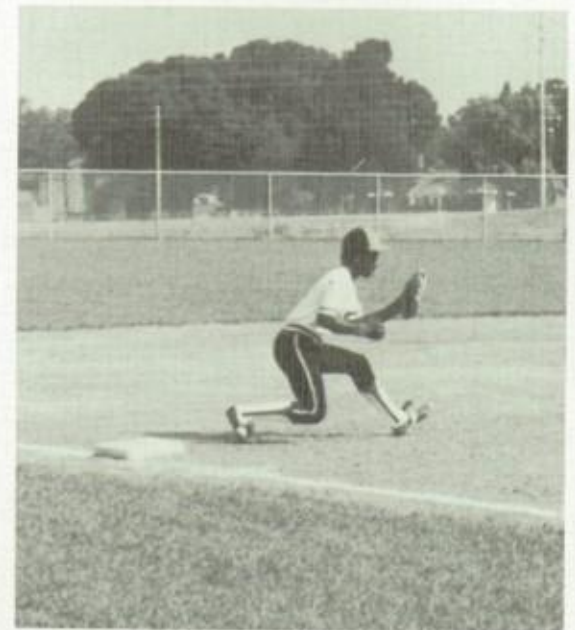

Coach Lenny Cimador

The Pirate Baseball Team consisted of a group of young men that loved the game. Even though we fell short of our pre-season goals (20 wins and conference championship), we *did* battle Brooksville in the semi-finals of the District Tournament before slipping behind 8-3. When the last baseball cleared the air, our overall record was 15-13-1. We had talent, the desire to win, and a lot of fun while trying.

This style earned Marvin top honors.

Third baseman Cisco makes an easy out.

Glancing towards second base, Joe sees he's safe on first.

Bat girl, Kitty, is skilled in keeping stats.

Leon does some fancy switch-hitting.

The team a) signals for a "fair catch." b) shades their eyes from the sun. c) waves good-bye to the coach. d) none of the above.

Hutch says "It's safer on this side of the fence."

Mighty Joe strikes again.

Mark psyches himself up before entering the batter's box.

Bat and ball connect for another base hit.

A little group therapy gives the team that winning spirit.

As the next man up, Joe selects a bat.

The ball is a little late for an "out."

The Pirates will be saying "so-long" to eight seniors: Cisco Johnson, Jonathon Wright, Al Sanders, Marshall Powers, Leon Shoupe, Marvin Myers, Tyke Newton, and Mark McCabe. This loss will be keenly felt.

Relying on the pitching, golden gloves, and leadership of six starting juniors and the talent of an outstanding JV team, Coach Cimador may just have a Gulf Coast Championship in 1983!

Cisco Johnson

Mark prepares to lay one down.

A low swing gives Clyfton a line drive.

Transfer, Marshall, demonstrates power-plus pitching.

Our Best Overall Record

Coach Tom Fisher

This year's team consisted of five returning starters, an all-conference sophomore, a foreign exchange student, and six other eager, young ladies. It was a very good year for the team. Under Coach Fisher's direction we posted the best overall record (14-4) of any previous softball team at PCHS. Feeling a little jinxed, we, once again, placed third in the district.

All-conference honors went to: Jane Gailey, Debbie D'Water, Carman Hartzog, and Suzanne Pearson. Carman was also selected to play on the FACA All-Star team.

Back: S. Pearson, K. Deurloo, J. Sampson, R. Jenkins. **Middle:** S. Melzer, D. D'Water, C. Carver, H. Hartzog. **Front:** C. Hartzog, T. Shoupe, A. Tucker, S. May. **Not pictured:** J. Gailey, K. McCormick.

The ball was a little slow getting to Jo Ann.

With sophomore pitcher Debbie on the mound, the Lady Pirates are ready for action.

Debbie belts this one out of the park.

Jane hits one into right field.

Sally rounds third with time to spare.

The St. Pete Times All-County honors went to: Jane Gailey, Debbie D'Water, Suzanne Pearson, and Kathy Deurloo. Honorable mention went to: JoAnn Sampson and Carman Hartzog.

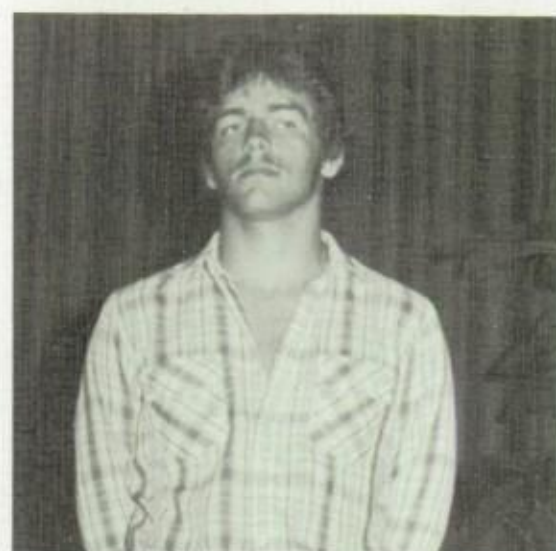

Although each team member was not an "All-star," each contributed in a special way to the success of the team.

Suzanne Pearson

Cheering For Our Favorite Team

Sponsor Anne Benedini

Angela Benson

The Varisty Cheerleading Squad had a great beginning. We came home from camp with fourteen superior ribbons, one excellent, and the coveted spirit stick which we won two nights in a row. We were also one of the top five squads competing for the award of excellence. Following summer camp, we were awarded second place trophy in the Gulf Coast Cheer-off. We were proud and excited.

The awards did not come easily. It took a lot of hard work and determination from every girl. All twelve members had different talents to offer, making our squad special and unique.

Competition was only a small part of our many activities. Our most important job was cheering for our teams! We gave team members extra attention with "secret spirits", special parties, and pep rallies. We wanted to show our support and to let them know how much we appreciated them.

I know we will all look back on our experiences and always remember the fun we have had and the friends we have made.

Surprised At What We Could Do

Sponsor Anita Fluitt

J.V. cheerleading this year brought eight girls together and gave each of us seven close friends. As a squad, we have learned how to work together and support our teams to the fullest. We found we had a lot of potential, and we were sometimes surprised at what we could do!

From cheerleading camp, through football season, until the last basketball game, we have spent much time together. We have worked, played, argued, laughed, and cried together, but it was worth it.!

Expressive hands are important to a good cheer, as demonstrated by the squad.

Cheerleaders are always organized, serious, and coordinated. Yes? . . . No!!

"Getting all wrapped up in toilet paper wasn't exactly my idea of cheerleader prestige," complains Reppard.

McDonald's® Salutes...

1982 McDonald's All-American High School Band® Nominees

The McDonald's All-American High School Band® was created in 1967 to give dedicated high school musicians the recognition they deserve. Each year, 104 students — two from each state and the District of Columbia, plus one member each from the Virgin Islands and Puerto Rico — are selected to perform in major events, including the nationally-televised Macy's Thanksgiving Day Parade.

All expenses for Band members are paid by McDonald's Corporation.

The pursuit of musical excellence demands extensive practice, discipline and an extraordinary amount of devotion to higher achievement. McDonald's salutes all high school nominees and extends best wishes for their continued musical success.

POST SCRIPTS

The call to adventure continues; the yearning to succeed is undiminished and the search for hidden treasure intensifies.

The ending of a journey brings with it, a variety of conflicting feelings. We are relieved that we have completed another year at PCHS. We look forward to, and can appreciate more, the upcoming journeys because of the special year of discovery that we shared.

Learn From the Past

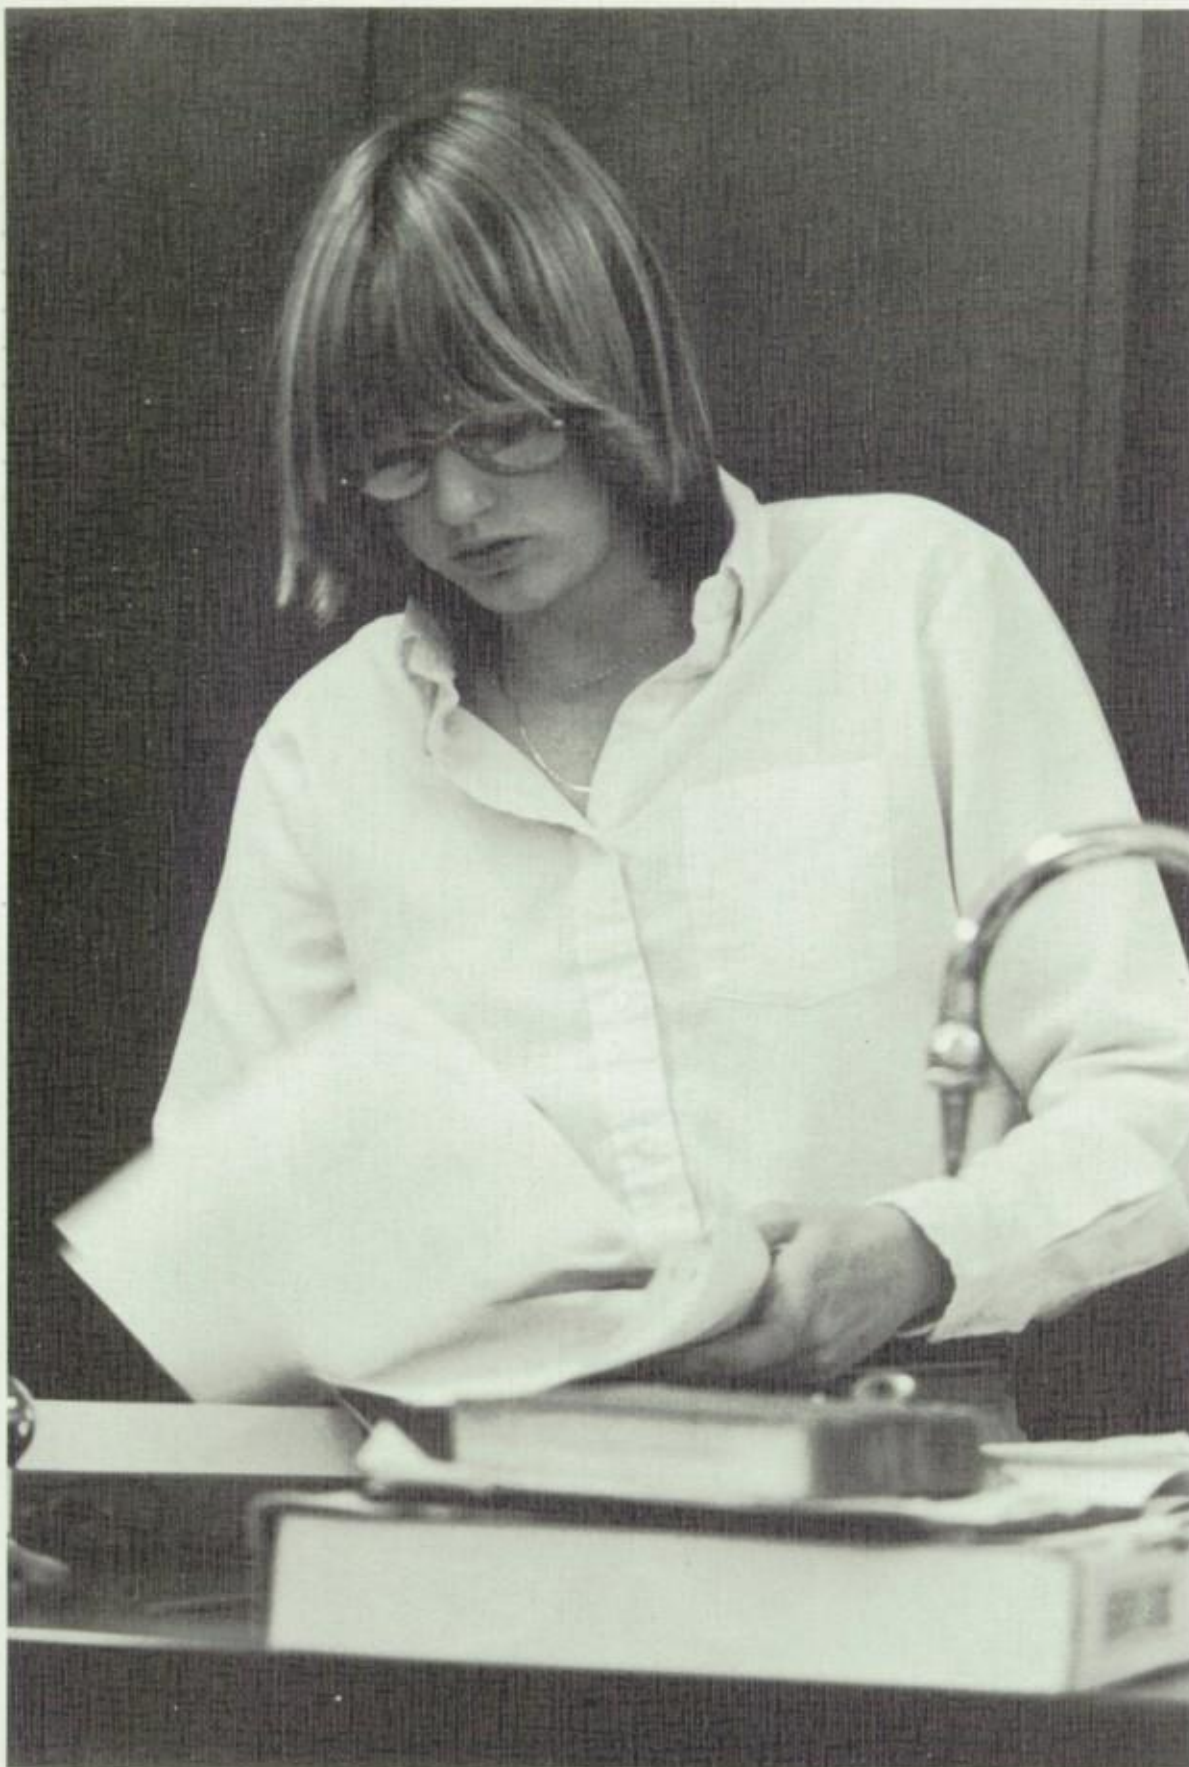

As we grow and develop into adults, we learn the lessons of getting along together, working side by side to produce real efforts to make our community a better place in which to live. We learn to cooperate in events; we learn to tolerate each other's differences, to understand each other's faults and prejudices, and to grow stronger because of them.

Look to the Future

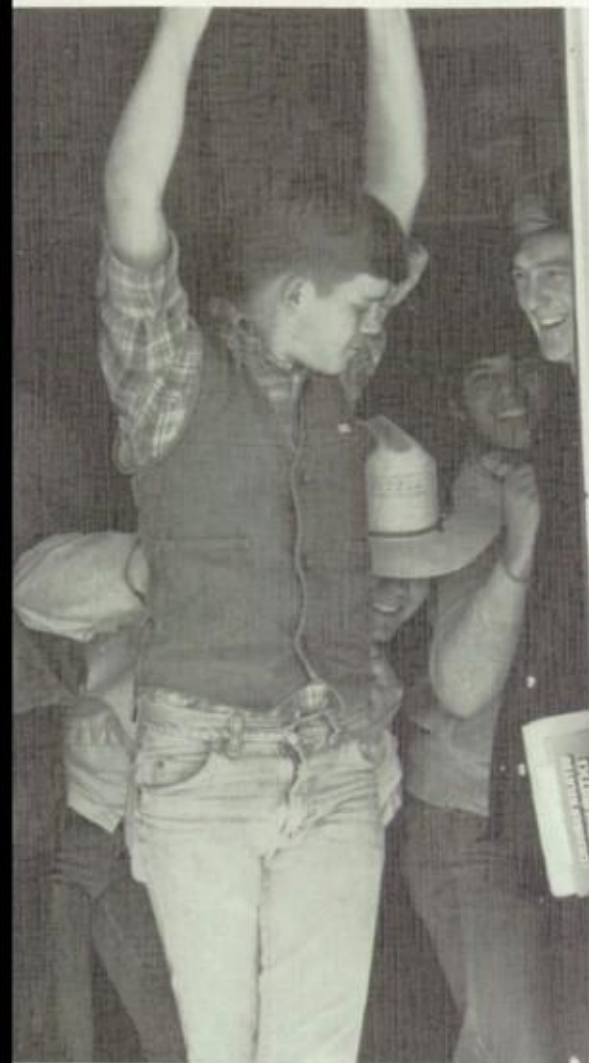

For those of us who have finished this phase of our journey, the future holds no fears that we aren't ready to face and overcome. We know that with the training provided by devoted teachers and counselors, there is no challenge too great, no task too large, no hill too high.

Our ambition is to leave no stone unturned, no path untried, no challenge unaccepted, until we can each reach an intended and determined goal. For us, the road leads upward and outward!

We've Just Begun

Although we pass through the span of one year, we realize that for as much as we discover about ourselves, we actually have ten times more that remains a mystery.

In one year we learn many things about ourselves, friends, family, and our world. But we also discover that through the pursuit of our dreams, we must carry ourselves much deeper than one year has allowed us.

Discovery is a never-ending circle, so instead of concluding our search at the end of this year, we realize that we must continue to discover all the wonderful things that life has to offer. We realize that we've only just begun!

Letters From the Editors

June 25, 1982

Dear Friends:

This year has truly been a year of discovery for me. Being one of the Pirate editors enabled me to work with a variety of people and threw me into some pretty colorful situations. I've learned more about myself in this one year than I have out of the 18 years of my life.

It is my sincere hope that you, the students and faculty of PCMS, also made this year your year of discovery. Be curious about life! Ask questions and push until you get the answers. Enjoy life and live it to the fullest. Don't wake up one day to discover that you've spent your whole life existing, not really living, for we all share the faith that life is more than just living! Let your desire for new discoveries carry you to the realms of your dreams and beyond. Never stop learning for it is a part of life. I wish for all of you a complete and happy one.

No life can be complete without the warmth and support given by loved ones close to us. A special thanks goes to Chris and "Mom" Jones for all the hard work and caring they've expressed this year. My love goes to my wonderful parents who have seen me through this year with their love and patience, and to Doug who led me to discover the feeling of loving and being loved by someone very special.

*My love and best wishes,
Melanie Barron*

June 25, 1982

Dear Friends:

Discovery is the never-ending circle we all experience. As one of the editors of the Pirate, I tried to bring out the adventure in each and every one of you. It was a difficult task; yet upon the arrival of the books, and the pleasure expressed on your faces, I will know that it was worth the effort.

This year I discovered the importance of true friends and the way they affect our lives. In producing this book, I was made aware of how deeply I was affected by the following people, to whom I wish to express my sincere appreciation: to my parents for their support and reassurance; my teachers for their guidance; "Mom" for her faith; Mell for her patience; and Lee Roy for capturing, on film, the most vital part of our book. Thanks so much!

A special thanks goes to Tom; for his love, devotion, and strength, and for making my world a much happier place in which to live.

To discover is to live, so let us all live life to its fullest. Each day we encounter new and exciting adventures that must be discovered. May the circle of discovery remain unbroken in each of you.

*With love and gratitude,
Chris Flannery*
